2. Charges for Special Services

If an MSP requires access to a current or potential transformer, the charge will be \$20.00 for a Company visit.

If scheduled work requires a Company visit and the MSP fails to arrive within the agreed-upon time frame, the charge to the MSP will be \$20.00.

If an MSP does not repair or replace any unsafe, inoperative, or defective meter or tampered meter within ten days, the Company may replace the meter with a Company-owned meter, and the MSP will be charged \$150.00 toward the cost of meter replacement.

If an MSP does not correct a meter data anomaly within thirty days, the Company may replace the meter with a Company-owned meter, and the MSP will be charged \$150.00 toward the cost of meter replacement.

If a Company visit is required when a Customer switches to or from Competitive Metering Services, or when a Customer switches between MSPs, the charge to the MSP will be \$20.00. Where Customers switch between MSPs, the charge will be assessed to the new MSP.

If a Customer switches from Competitive Metering Services to the Company's service, the owner of the existing meter and the Company may agree on one of the following alternatives: (a) the Company removes the meter at a charge of \$150.00 and returns the meter to the owner; (b) the owner abandons the meter in place, or (c) the owner resells the meter to the Company at a mutually agreed-on price.

If a Customer is switched without the Customer's authorization from the Company's service to Competitive Metering Services or from its existing provider of Competitive Metering Services to a new provider, the Company will charge the switching party all costs incurred by the Company.

If an MSP-owned meter must be removed by the Company to discontinue the Customer's service for nonpayment, the charge to the Customer will be \$150.00.
