

PSC NO: 10 – Electricity  
Consolidated Edison Company of New York, Inc.  
Initial Effective Date: 02/20/2012

Leaf: 16  
Revision: 1  
Superseding Revision: 0

## GENERAL RULES

### 2. Definitions and Abbreviations of Terms Used in this Rate Schedule - Continued

- **"Non-residential Applicant"** is any person, corporation or other entity who has requested service under this Rate Schedule who is not a residential applicant.
- **"Non-residential Customer"** is any person, corporation or other entity supplied with service under this Rate Schedule and pursuant to an accepted application for service who is not a residential Customer.
- **"PASNY Rate Schedule"** refers to the Company's PASNY No. 12 Rate Schedule on file with the Public Service Commission and its leaves, terms and conditions and Rates, as the same may be modified or superseded from time to time.
- **"Payment"** is considered to be made on the date when it is received by the Company or one of its authorized agents.
- **"Point of Service Termination"** means the point at which the Company terminates its service lateral and the Customer's wiring begins.

## GENERAL RULES

### 5. Installation and Maintenance of Overhead and Underground Facilities - Continued

#### 5.2. Common Provisions Applicable to the Installation and Maintenance of Overhead and Underground Facilities – Continued

##### 5.2.4 Excess Distribution Facilities (Applicable only to Customers served under SCs 1, 2, 5, 7, 8, 9, and 12 and Customers served under the PASNY and EDDS Rate Schedules)

Upon written application of a Customer on the application form prescribed in Application Form C of the General Rules, and subject to the terms and conditions thereof and the provisions hereinafter set forth, the Company will provide, at the Customer's expense, distribution facilities in excess of or in place of those normally provided or otherwise designated by the Company under the other provisions of this Rate Schedule, including facilities for the purpose of supplying equipment the operation of which involves inrush currents above the values otherwise allowed by the Company. Excess distribution facilities hereunder are unavailable to Customers eligible for service under Rider Y.

Such excess facilities will be provided only if, in the Company's judgment:

- a. the furnishing of such facilities will not adversely affect the Company's standard system of distribution; and
- b. such facilities will conform with the Company's practices as to construction and installation of distribution facilities; and
- c. the utilization of service by the Customer through such facilities will not constitute a present or potential cause of interference with the supply of service to other Customers.

The provision of excess facilities hereunder shall be subject in all respects to the limitations upon characteristics of service elsewhere set forth in this Rate Schedule, and shall be subject to the other provisions of this Rate Schedule, except as may be expressly provided above.

##### 5.2.5 Permits

The Company will make, or cause to be made, application for any necessary street permits for installing its service facilities and shall not be required to furnish electric service until a reasonable time after such permits are granted. The Customer shall obtain, or cause to be obtained by its contractor or representative, and present to the Company for registration, all permits (excepting street permits), consents, and certificates necessary to give the Company or its representatives access to the installation and equipment and to enable its service lateral to be connected therewith, or for other purposes in connection with the supply of electric service. No application will be deemed to be complete until all permits (excepting street permits), consents, and certificates have been obtained by the Customer and presented to the Company for registration.

## GENERAL RULES

### 5. Installation and Maintenance of Overhead and Underground Facilities - Continued

#### 5.2 Common Provisions Applicable to the Installation and Maintenance of Overhead and Underground Facilities – Continued

##### 5.2.6 Easements or Rights-of-Way When Required for Line Extensions

When required by the Company, the Customer (or Customers) shall execute and deliver to the Company, free from cost, permanent easements or rights-of-way for the placing and maintaining of an extended line in so far as the line extension or subsequent additions thereto affect the property owned by the Customer (or Customers).

The Company shall not be obliged to commence construction of an extension of its electric system until the Customer (or Customers) to be served by such extension have obtained and delivered to the Company satisfactory permanent easements or rights-of-way agreements or have agreed to pay a lump sum or a surcharge in accordance with General Rule 5 for such costs as may be incurred by the Company if at the Customer's request it obtains such easements or rights-of-way.

A successor to a Customer who has agreed to pay such a surcharge shall, as a condition of receiving service, agree to assume the surcharge obligations of the predecessor.

These provisions are applicable irrespective of the length of the extension.

##### 5.2.7 Temporary Service

Where the use of service will be temporary, the Customer will be required to pay in advance to the Company the estimated non-recoverable cost of the Company's service installation and removal (including any street reinforcement and extension required), as determined by the Company and endorsed on the agreement for service. The Customer shall not be relieved of the obligation to fulfill the term and minimum charge provisions of the agreement for service. Where the applicable Service Classification has a term of 1 year or more the Customer may contract for temporary service for a lesser period but not less than 30 days.

Temporary service for the purposes hereof shall include, but shall not be limited to, use of service to non-permanent structures; or to construction sites, fairs, celebrations, and other temporary activities; or under circumstances where the Company has reason to believe that the facilities installed by the Company to provide service may not be used for permanent supply.

The Customer's payment hereunder shall be refundable if circumstances change after the Customer commences to take service, and the Company has reasonable assurance that the use of the service will not be temporary and that the Company's facilities will be used for permanent supply.

In instances where service will be used for less than 60 days for any purpose or the service installation presents difficulties as to metering, the Company may estimate the amount of the charges for such service according to the Service Classification applied for and specify, by endorsement upon the agreement for service, such amount as the charges for the service.

## GENERAL RULES

### 11. Billing Applicable to Service Under Certain Economic Development Programs

#### Applicable Economic Development Programs

General Rule 11 is applicable to Customers served under Rider Q and SC 15 of this Rate Schedule, Customers served under Rates of the EDDS Rate Schedule, and Customers served under Special Provision No. 8 of the PASNY Rate Schedule.

Definitions and Abbreviations applicable under this General Rule:

“CW” refers to service under SC 15 of this Rate Schedule.

“ED” refers to service under Rate I or Rate II of the EDDS Rate Schedule.

“PFJ” refers to service under Rider Q of this Rate Schedule.

“WTC” refers to service under Special Provision No. 8 of the PASNY Rate Schedule.

“Each program” refers to Service under CW, ED, PFJ, or WTC, as applicable.

#### Billing

If an allocation of power and energy is made under CW, ED, PFJ, and/or WTC, the following rules will apply:

- a. Prioritization of Power and Energy Served under each Economic Development Program: If service is taken under one or more of the above programs, power and energy to be served under each program will be determined in the following priority order, with the highest priority listed first and lowest priority listed last:

ED  
CW  
PFJ  
WTC
