III. General Rules, Regulations, Terms and Conditions under Which Gas Service Will Be Supplied, Applicable to and Made a Part of All Agreements for Gas Service - Continued

4. Installation of Service Pipes

(A) General:

To avoid misunderstanding, the Customer shall consult the Company before starting work as to the exact location of the point of service termination.

Gas service will be supplied to each building or premises through a single service pipe, except where, for reasons of Company economy, conditions on the Company's distribution system, improvement of service conditions, or volume of the Customer's requirements, the Company elects to install more than one service pipe.

The Company reserves the right to determine the location of any service pipe.

(B) Point of Service Termination:

The point of service termination, that is the point at which the Company terminates its service pipe and the Customer begins its piping, shall be in accordance with General Rule III 3 (B). Where a basement wall or vault wall is located at such point, the Company will extend its service pipe through a sleeve provided and installed by the Customer in such wall to a point immediately inside the wall.

(B) Point of Service Termination - Continued

The Customer shall furnish, install and maintain, in accordance with the Company's specifications, all service piping beginning with the point of service termination, that is the point at which the Company terminates its service pipe and the Customer begins its piping, except as provided in General Rule III 3 (B).

(C) Change in Location of Existing Service Facilities:

Any change requested by the Customer in the point of service termination or location of the service pipe, provided such change is approved by the Company, will be made at the expense of the owner or occupant of the premises, who shall pay in advance the Company's estimated cost of such change.

(D) Excess Distribution Facilities (Applicable only to Customers supplied under Service Classification Nos. 1, 2, 3 and 9):

Upon written application of a Customer on the application form prescribed in this Schedule (see Leaf Nos. 212.0 - 215.0), and subject to the terms and conditions thereof and the provisions hereinafter set forth, the Company will provide at the Customer's expense distribution facilities for supply of service, in excess of those normally provided by the Company under the other provisions of this Schedule, or for the purpose of providing a service line in addition to that otherwise provided for supply to the Customer's premises. Such excess facilities will be provided only if, in the Company's judgment:

- (1) the furnishing of such facilities will not adversely affect the development of the Company's system of distribution; and

(D) Excess Distribution Facilities (Applicable only to Customers supplied under Service Classification Nos. 1, 2, 3 and 9) - Continued

- (2) such facilities will conform with the Company's practices as to construction and installation of distribution facilities; and
- (3) the utilization of service by the Customer through such facilities will not constitute a present or potential cause of interference with the supply of service to other Customers. The provision of excess facilities hereunder shall be subject in all respects to the limitations upon characteristics of service elsewhere set forth in this Rate Schedule, and shall be subject to the other provisions of this Rate Schedule, except as may be expressly provided in this paragraph.

5. Service Equipment

(A) Company's Installation:

Gas will be supplied to each building or premises through a single meter, except where, for reasons of Company economy, conditions on the Company's distribution system, improvement of service conditions, or volume of the Customer's requirements, the Company elects to install more than one meter. Where a separate meter is installed in connection with the provision of excess distribution facilities, the quantity of gas registered by such meter will be computed separately and billed in accordance with General Rule III 8 (J) (1) "Plural Meters - Billing of Charges".

The Company will furnish, install, connect and maintain such meters and remote registers, as are necessary for metering gas for Company billing purposes.
