LEAF: 41.0

COMPANY: CONSOLIDATED EDISON COMPANY OF NEW YORK, INC.

REVISION: 0

INITIAL EFFECTIVE DATE: 03/01/99

SUPERSEDING REVISION:

STAMPS:

RECEIVED: 12/08/98

STATUS: Effective

EFFECTIVE: 03/01/99

GENERAL INFORMATION - Continued

III. General Rules, Regulations, Terms and Conditions under Which Gas Service Will Be Supplied, Applicable to and Made a Part of All Agreements for Gas Service - Continued

4. Installation of Service Pipes - Continued

(D) Excess Distribution Facilities (Applicable only to Customers supplied under Service Classification Nos. 1, 2, 3 and 9) - Continued

- (2) such facilities will conform with the Company's practices as to construction and installation of distribution facilities; and
- (3) the utilization of service by the Customer through such facilities will not constitute a present or potential cause of interference with the supply of service to other Customers. The provision of excess facilities hereunder shall be subject in all respects to the limitations upon characteristics of service elsewhere set forth in this Rate Schedule, and shall be subject to the other provisions of this Rate Schedule, except as may be expressly provided in this paragraph.

5. Service Equipment

(A) Company's Installation:

Gas will be supplied to each building or premises through a single meter, except where, for reasons of Company economy, conditions on the Company's distribution system, improvement of service conditions, or volume of the Customer's requirements, the Company elects to install more than one meter. Where a separate meter is installed in connection with the provision of excess distribution facilities, the quantity of gas registered by such meter will be computed separately and billed in accordance with General Rule III 8 (J) (1) "Plural Meters - Billing of Charges".

The Company will furnish, install, connect and maintain such meters and remote registers, as are necessary for metering gas for Company billing purposes.

GENERAL INFORMATION - Continued

III. General Rules, Regulations, Terms and Conditions under Which Gas Service Will Be Supplied, Applicable to and Made a Part of All Agreements for Gas Service - Continued

5. Service Equipment - Continued

(A) Company's Installation - Continued

The Company will furnish, install and maintain one or more gas pressure regulators, in accordance with General Rule III 3 (B), when they are deemed by the Company to be necessary for the supply of gas at proper pressure. Meters and gas pressure regulators furnished by the Company shall remain its property and may be removed by it at any time.

The Company will furnish and install but the Customer will maintain, the wiring and mounting devices for remote registers added to existing installations solely to provide ready access for meter readings and not in connection with other changes to the metering equipment.

Gas will be supplied in a new or completely renovated multiple dwelling, where there is no existing gas service to the premises, through a single meter for redistribution by the owner or landlord to the tenants for cooking only. If gas is provided for space heating under a firm service classification, the entire gas requirements for the building, including gas to be redistributed for cooking, may be provided through a single meter at the owner's request.

(B) Customer's Installation:

Wherever it is provided that the Customer shall perform any work or furnish or maintain any equipment or facilities, the Customer shall do the same or cause the same to be done at its expense, except that the Company will visit the Customer's premises without charge if a safety issue may exist.

The Company will make the situation safe and will make minor screwdriver repairs, encompassing the provision of technical advice, minor adjustments and minor repairs, including the relighting of gas pilot lights, only when such work is performed incidental to other work being performed by the Company to ensure the safety and reliability of gas service. Screwdriver repairs will not include parts replacement, will be short in duration, and will not be solicited but performed only in response to safety-related calls.

III. General Rules, Regulations, Terms and Conditions under Which Gas Service Will Be Supplied, Applicable to and Made a Part of All Agreements for Gas Service - Continued

5. Service Equipment - Continued

(B) Customer's Installation - Continued

The Company will determine the location, and specify the type and manner of installation and connection of the service and metering equipment and will furnish this information to the Customer upon request. The Customer shall obtain this information as one of the first steps in planning the installation.

The Customer shall furnish and maintain a suitable space for the service and metering equipment. Such space shall be readily accessible to authorized Company employees and shall otherwise conform to the Company's specifications for such space and to the requirements of the authorities having jurisdiction.

Gas will be supplied to all new or completely renovated one-, two-, and three-family homes through outdoor metering.

Where electric supply is required for the operation or testing of metering equipment, the Customer shall furnish, install and maintain all necessary wiring and mounting devices.

Where remote registers are required to provide ready access for meter reading the Company will furnish, and the Customer shall install and maintain, all necessary wiring and mounting devices.

The Customer shall furnish, install and maintain all piping and equipment including service cocks or valves, meter bars or other meter supports, meter cocks or valves, meter by-pass cocks or valves, meter piping, gas pressure regulator vent piping and vent pipe caps, and also any necessary cocks or valves associated with the gas pressure regulator, beginning with the point of service termination, except as provided for in General Rule III 3 (B). The Company will perform the necessary end connections. All such pipe shall be the property of the Customer. The Customer shall give immediate notice to the Company of any leakage of gas or damage to the pipe.

(B) Customer's Installation - Continued

The Customer shall also install gas pressure regulators furnished by the Company when they are required for the supply of gas at proper pressure in accordance with General Rule III 3 (B).

All construction by the Customer from the point of service termination to the meter or meters shall be subject to approval by the Company.

(C) Seals:

The Company will seal all meters before installation. Meter equipment may be locked or sealed when service is shut off. No person, except a duly authorized employee of the Company, shall be permitted to break or replace a seal or lock, or to alter or change a meter or its connections or location, or to alter a gas pressure regulator.
