III. General Rules, Regulations, Terms and Conditions under Which Gas Service Will Be Supplied, Applicable to and Made a Part of All Agreements for Gas Service-Continued

16. Reconnection of Service

(A) Service Terminated for Other Than Emergency Reasons:

The Company shall reconnect service within 24 hours after either the Customer has satisfied or corrected all conditions for termination and reconnection, upon the lawful direction of the Commission or its designee or, in the case of a residential Customer, the Company has notice that a serious impairment to health of the Customer is likely to result if service is not reconnected. However, if circumstances beyond the Company's control prevent reconnection within the specified 24 hour period, service shall be reconnected within 24 hours after those circumstances cease to exist.

(B) Service Terminated in Emergency:

The Company shall act promptly to restore service as soon as possible after a termination of service for emergency reasons. However, as to non-residential Customers, service need not be restored if, at the time restoration is to occur, the Company has the right to terminate service for other than emergency reasons.

(C) Payment Prior to Reconnection of Service:

Prior to reconnection of service terminated solely for non-payment of bills, for any tariff charge, or for failure to pay a security deposit, the Company may require a non-residential Customer to pay any bill, tariff charge and security deposit due. The Company shall offer the Customer a deferred payment agreement in circumstances where such an agreement is required under the rules of the Public Service Commission.

16. Reconnection of Service - Continued

- (D) Where the Company fails to reconnect service to a residential Customer within 24 hours or neglects to do so without good cause the Company shall pay a penalty of up to \$50.00 per day to the Customer in accordance with the Public Service Commission's regulations.

17. Parts Replacement Program

(A) Applicability:

To Customers receiving service under Service Classification Nos. 1 or 3 of this Rate Schedule.

(B) Coverage:

The program covers gas space heating equipment up to 400,000 BTU/hr. and/or gas water heating equipment with inputs not greater than 95,000 BTU/hr. as determined from the nameplate rating of the equipment or from the design specifications of the manufacturer of the equipment. All equipment to be repaired by the Company must be approved by the authorities having jurisdiction over the manufacture and the installation of such equipment. In the case of a parts replacement contract, the equipment must be in good operating condition on the date the contract takes effect. The program will not cover any labor or materials for draining boiler water, draining expansion tanks, venting radiators, nor any type of repair considered plumbing, sheet metal work, or work on electrical house wiring. Work restricted to licensed plumbers will not be performed.

The program will also not include the replacement of a defective space heating or water heating unit and a service contract does not include an annual or any routine inspection of the Customer's equipment.
