VI. Service Classification Riders (Available on Request) - Continued

RIDER B

Applicable to Service Classification Nos. 2, 3 and 9, to religious corporations or associations under Service Classification No. 1, and to veterans' organizations which were receiving service under this Rider when transferred to Service Classification No. 1, subject to the provisions thereof

(Available only in the City of New York)

Service under the provisions of this Rider is available only to a Customer who was taking service under a Rider B agreement on May 31, 1959, and only as to such buildings or parts of buildings which were included in said Customer's Rider agreement on such date.

(B) Conjunctional Billing:

It is further understood and agreed that when the group of buildings or parts of buildings enumerated hereon are exclusively used by the Customer as a unitary enterprise and are under a common ownership or leasehold for not less than a 5 year term, of public record in the name of the Customer, the quantities of gas supplied to such buildings or parts of buildings will be added for the purpose of determining the amount of the bill which such Customer shall receive for service, provided:

- (1) The buildings or parts of buildings so supplied are adjoining; or
- (2) The buildings or parts of buildings, separated by a City street, are situated upon parcels of land which occupy wholly or in part immediately opposite street frontages on the same street; or

RIDER C

Applicable to Service Classification Nos. 2, 3 and 9, to religious corporations or associations under Service Classification No. 1, and to veterans' organizations which were receiving service under this Rider when transferred to Service Classification No. 1, subject to the provisions thereof

(Available only in the City of New York)

Service under the provisions of this Rider is available only to a Customer who was taking service under a Rider C agreement on May 31, 1959, and only as to such buildings or parts of buildings which were included in said Customer's Rider agreement on such date.

(C) Intercommunicating Buildings:

It is further understood and agreed that when the group of buildings or parts of buildings enumerated hereon are exclusively used by the Customer as a unitary enterprise and are under a common ownership or leasehold, of public record in the name of the Customer, and are inter-communicating by means of doors or passageways permitting persons to pass from one building to the other without going outside of either building, and also are operated as a single property, the quantities of gas supplied to such buildings or parts of buildings will be added for the purpose of determining the amount of the bill which such Customer shall receive for service.

The Customer will, on request, furnish to the Company satisfactory proof that the buildings or parts of buildings in question conform to the above-stated conditions and to the other terms of the Service Classification to which this Rider is being applied, and that the use of gas within such buildings or parts of buildings conforms in all respects to the regulations contained in the Company's Rate Schedule. Upon any change in this relationship, or in such use, contrary to these conditions, the Customers agree that he will forthwith notify the Company thereof in writing, and agree that his application and its acceptance for the Company shall become null and void.

VI. Service Classification Riders (Available on Request) - Continued

RIDER G

Applicable to Service Classification Nos. 2 and 9 (Subject to the provisions thereof)

Rate Available Under New York State Economic Development Zones Act (N.Y. Laws of 1986, CH. 686)

(A) Applicability:

To new or existing Customers receiving or eligible to receive service under Service Classification No. 2 and 9 of this Rate Schedule whose estimated or actual gas usage exceeds 250 therms per month, who are located and receive service at a premises within an area currently designated as an economic development zone under the New York State Economic Development Zones Act, and who are certified as eligible to receive the benefits referred to in Section 966 of Article 18-B of the New York State General Municipal Law. Service under this Rider shall not be available to a master-metered residential building where gas supplied is used for cooking or to Customers receiving service under Riders E, F or the Air Conditioning Rate of Service Classification No. 2.

(1) Applications for Service:

An application for service under this Rider must be made in writing to any service center of the Company. An applicant must submit suitable documentation showing that the Customer is certified as eligible to receive the benefits referred to in Section 966 of Article 18-B of the New York State General Municipal Law and that the Customer shall receive service under this Rider within an area currently designated as an economic development zone under the New York State Economic Development Zones Act.

(2) New and Existing Customers:

(a) New Customers:

An applicant shall be considered a new Customer for the purposes of this Rider if the applicant commenced receiving service in the economic development zone on or after May 1, 1987 and within twelve months of being certified as eligible to receive the benefits referred to in Section 966 of Article 18-B of the New York State General Municipal Law and can demonstrate that:

- (i) its activities are largely or entirely different in nature from that of the previous Customer;
- (ii) if the activities are not so different, the owner(s), operator(s) and manager(s) are substantially different;
- (iii) that business has not been conducted at the premises for at least two monthly billing periods prior to application; or
- (iv) that the predecessor Customer is in bankruptcy and the applicant has obtained the business in a liquidation of assets sale. In addition, an applicant shall be eligible for service under this Rider to the extent that the previous Customer was eligible.

RIDER G - Continued

Rate Available Under New York State Economic Development Zones Act (N.Y. Laws of 1986, CH. 686) - Continued

(A) Applicability - Continued

(2) New and Existing Customers:

(b) Existing Customers:

An existing Customer may apply for service under this Rider if such Customer materially increases its gas usage, provided such material increase is a result of the addition of gas fired equipment for space heating or process use, or expansion of the Customer's facility or operation. The Customer shall notify the Company in writing of such material increase in its use of gas service. Following such notification, the Company will review the monthly billable usage for such Customer. If for the next three consecutive months or any three consecutive months in the twelve months preceding application, each month's gas usage exceeds the gas usage in the comparable monthly period of the preceding year by at least 25 percent, the Customer will be eligible to receive service under this Rider following approval of the application. The Company will establish a twelve month base usage for each qualifying Customer based upon the gas usage, by month, billed during the twelve-month period immediately preceding the Customer's application for service. For dual-fuel Customers, each month's base usage will be the higher of:

- (i) the gas usage billed in the comparable monthly billing period during the twelve-month period immediately preceding the Customer's application for service; or
- (ii) 1/365 of the Customer's annual allocation on record with the Company prior to the Customer's application for service, multiplied by the number of days (approximately 30 days) in each billing period of the twelve-month period immediately preceding the Customer's application for service.

RIDER G - Continued

**Rate Available Under New York State Economic Development Zones Act (N.Y. Laws of 1986, CH. 686)
- Continued**

(B) Base Rate (per month) - Continued

- (3) For existing Customers, the above-stated base rates, subject to revision whenever there is a change in the base rates of Service Classification No. 2, will apply only to that portion of the Customer's monthly gas usage in excess of the Customer's monthly base gas usage as explained in Subdivision (A) (2) (b) of this Rider. The Customer's monthly base gas usage will be billed at the applicable base rates set forth in Service Classification No. 2. The portion of a Customer's monthly gas usage in excess of the Customer's monthly base gas usage shall be billed at the appropriate succeeding steps of the above-stated rates.
- (4) The Customer shall be subject to all other charges, terms and conditions as set forth in Service Classification No. 2.
- (5) The above-stated base rates will be recognized in the calculation of the monthly minimum charge applicable to large volume dual-fuel Customers contained in Service Classification No. 2.
- (6) The foregoing rates shall apply to all gas service supplied hereunder on and after the effective date hereof. Where a bill includes periods before the effective date and after the effective date, the rates applicable will be prorated based on the number of days of service rendered before the effective date and on and after the effective date related to the total number of days in the billing period.
- (7) For the rates applicable to the transportation of Customer-owned gas, see Service Classification No. 9.

(C) Term:

An applicant will become eligible for service under Rider G commencing on the first day of the next billing cycle following Company receipt of certification and an acceptable application for service under this Rider. Customers shall receive the rate reductions provided in this Rider so long as the Customer remains certified as set forth in Subdivision (A) above and the area in which the Customer is located remains designated as an economic development zone. Subject to the consent of the Public Service Commission, the rate reductions provided for under this Rider shall terminate immediately if the Company determines that the rate reductions are no longer cost justified. The Base Rates provided in this Rider shall no longer be applicable at such time as the Customer loses such certification or the area loses such designation. Customers shall submit evidence of continued eligibility for service under this Rider on reasonable request by the Company.

RIDER H

Applicable to Service Classification Nos. 2 and 9
(Subject to the provisions thereof)

Distributed Generation Rate

(A) Applicability:

To non-residential Customers eligible to receive service under Service Classification ("SC") No. 2 and SC No. 9 Rates A(2) and A(4) where the separately metered gas service is used solely for the purpose of the operation of a Distributed Generation Facility with a name plate rating less than 50 MegaWatts and having an Annual Load Factor equal to or greater than 50 percent.

(B) Definitions:

For the purposes of this Rider, the following definitions shall apply:

- (i) **Annual Load Factor** is defined as the Customer's annual gas usage divided by the product of the Customer's Winter Peak Day Gas Usage and the number of days in the annual determination period.
The formula to calculate Annual Load Factor is:
$$\text{Annual Load Factor} = \frac{\text{Total Annual Gas Usage}}{\text{Winter Peak Day Usage} \times \text{No. of days in the annual determination period}}$$
- (ii) **Distributed Generation** represents generating units designed to provide electricity to a single Customer or specific Customers within a defined geographical location.
- (iii) **Distributed Generation Facility** is defined as one or more on-site Distributed Generation units (including combined heat and power applications).

RIDER H

Applicable to Service Classification Nos. 2 and 9
(Subject to the provisions thereof)

Distributed Generation Rate

(B) Definitions: - Continued

(iv) Winter Peak Day Gas Usage and Average Daily Gas Usage:

For determining continued eligibility after the first fifteen months of service hereunder, and annually each year thereafter, Winter Peak Day Gas Usage shall be calculated as follows:

For a Customer with a Distributed Generation Facility rated at less than 5 MegaWatts and billed under Rate I of this Rider, the Customer's Winter Peak Day Usage is the Customer's highest Average Daily Gas Usage occurring during the Winter Period multiplied by a factor determined by the Company to reflect the relationship between the experienced actual Winter Peak Day Gas Usage and the highest Winter Average Daily Gas Usage. Average Daily Gas Usage is defined as the Customer's metered gas usage for the billing period divided by the number of days in the billing period.

For a Customer with a Distributed Generation Facility rated at 5 MegaWatts and greater, the Customer's Winter Peak Day Gas Usage is the Customer's highest daily gas usage occurring during the Winter Period.

(v) **Summer Period** is defined as the period from April 1 to October 31.

(vi) **Winter Period** is defined as the period from November 1 through March 31.

RIDER H

Applicable to Service Classification Nos. 2 and 9
(Subject to the provisions thereof)

Distributed Generation Rate

(C) Eligibility:

A Customer's initial and continued eligibility for service hereunder shall be contingent upon the Customer maintaining an Annual Load Factor of at least 50 percent for its gas usage.

For purposes of determining a Customer's initial eligibility for service under this Rider, the Customer shall provide the Company with a reasonable estimate of the Customer's Annual Gas Usage and Winter Peak Day Gas Usage during the first year of operation of the Customer's Distributed Generation Facility, with the first year commencing after a three-month start-up phase. Such estimate shall be submitted on a form provided by the Company that is completed and signed by a Professional Engineer retained by the Customer. In the event the Customer does not submit the required information, the Company will estimate the Customer's Annual Load Factor using the best available information. A Customer may be denied service if the Customer fails to supply adequate information required to establish initial eligibility for service hereunder.

The Customer's Annual Load Factor shall be computed after the first fifteen monthly billing periods hereunder (based on the most recent twelve-month billing period) and annually thereafter for the purpose of determining continued eligibility. A Customer whose annual load factor falls below 50 percent will become ineligible for service under this Rider for one year and will be notified in writing to this effect. Such notification will also stipulate that the customer must elect to be transferred to and billed for all gas usage recorded thereafter at the rates and charges of the Customer's otherwise applicable firm, interruptible or off-peak firm Service Classification, and that such election be made within 15 days of receipt of such notification. A Customer who fails to make an election will be deemed to have elected firm service. In instances where the Customer can demonstrate to the Company's satisfaction that the Customer experienced conditions at its facility that prevented the Customer from maintaining an Annual Load Factor of at least 50 percent and that such conditions were beyond the customer's control, the Company may, at its sole discretion, continue to allow the Customer to take service under Rider H or to return to service under Rider H in less than one year. Such allowance will be contingent on the customer reasonably demonstrating to the Company's satisfaction that the condition(s) that prevented the Customer from maintaining an Annual Load Factor of at least 50 percent has been corrected and/or is not likely to recur in the next applicable annual determination period.

RIDER H

Applicable to Service Classification Nos. 2 and 9
(Subject to the provisions thereof)

Distributed Generation Rate

(D) Determination of Contract Demand

The Contract Demand for the initiation of service under Rate II of this Rider, expressed in therms, shall be the highest one-hour gas usage (hereinafter referred to as "Peak Demand") expected during the first fifteen months of operation of the Customer's Distributed Generation Facility, as specified in the Customer's request for service under this Rider.

The Customer shall provide the Company with a reasonable estimate of its Contract Demand at the time of application for service hereunder. Such estimate shall be submitted on a form provided by the Company that is completed and signed by a Professional Engineer retained by the Customer. If the Customer fails to supply a Contract Demand for the initiation of service, the Company will establish the Customer's Contract Demand using the best available information. If the Customer's Peak Demand occurring during any monthly period exceeds the initially established Contract Demand, such higher Peak Demand shall become the Contract Demand for that monthly billing period and for each billing period thereafter, until exceeded by a higher Peak Demand, which in turn shall likewise be subject to the foregoing condition.

At any time a customer may request, in writing, a prospective change in its Contract Demand, to a higher or lower level, subject to the same requirements for the initiation of service under this Rider. Such application must demonstrate, to the Company's satisfaction, that there have been permanent changes to the Customer's gas usage due to physical changes in the Customer's Distributed Generation Facility or changes in the kind of business or activity conducted that will result in a permanent increase or decrease in the Customer's Contract Demand. Changes in anticipated weather patterns shall not constitute permanent changes for purposes of a Customer qualifying for an increase or decrease in Contract Demand.

(Subject to the provisions thereof)

Distributed Generation Rate

(E) Term

The term is fifteen months from the date of commencement of service hereunder, and successive annual periods thereafter. The Customer or the Company may terminate service at the end of each annual period upon not less than 30 days prior notice in writing to the other party, except that the 30 day notice period shall not apply in cases where the Customer becomes ineligible for service hereunder for failure to maintain an Annual Load Factor of fifty percent or more. The Company may also terminate service in the manner provided by law and provisions of this Rate Schedule. In addition to all other remedies available to the Company, the Company reserves the right to discontinue service immediately, temporarily or permanently, to the Customer or to the premises where there is a violation or any failure to comply with any of the provisions of this Rider, the Company's Sales and Transportation Operating procedures, or this Rate Schedule.

An Applicant will become eligible for service under this Rider on the first day of the next billing cycle following Company's receipt of an acceptable application for service and the completion of the installation of the required metering equipment, including any customer wiring and telecommunication facilities. Except as provided under the Eligibility provisions hereunder, Customers whose annual load factor falls below fifty percent will no longer be eligible for this service and may elect to be transferred to the otherwise applicable firm, interruptible or off-peak firm service classification. A Customer who fails to make an election will be deemed to have elected firm service. Such Customers may reapply for service hereunder after twelve consecutive months.

(1) - Metering and Communications Equipment: - Continued

In cases where the Company is unable to read the meter of a Rate II Customer through a Customer provided telephone line, and the Company has determined that the problem is not caused by the Company's meter or equipment, the Customer will be assessed \$50.00 on each monthly cycle billing date until the condition is corrected. For each billing cycle the telephone line is not operational, the Company shall make, and charge such customer for a special meter reading in accordance with the provision in General Information Section IV (3)(b) of this Rate Schedule. If the Company is unable to obtain a meter reading, an estimated bill will be issued.

(2) Separate service lines will not be required for distributed generation service and non- distributed generation service under this Rider. However, if existing services and/or upstream distribution facilities are inadequate, the Customer shall be responsible for all incremental costs incurred by the Company. Customers taking service under this Rider will be charged for additional facilities pursuant to the provisions in the Company's Gas Tariff.

(3) Firm Transportation Customers otherwise eligible for service under Service Classification No. 9 of this Rate Schedule will be subject to the applicable balancing service options set forth in Service Classification No. 9. All customers taking service under this Rider shall be subject to the same procedures for the "Curtailed of Service" as set forth in General Information Section III, 14. of this Rate Schedule applicable to other similarly situated firm commercial and industrial customers of this Rate Schedule.

RIDER I

Applicable to Service Classification Nos. 2 and 9
(Subject to the provisions thereof)

Gas Manufacturing Incentive Rate (MIR)

(A) Applicability:

To non-governmental manufacturing Customers either occupying New or Vacant premises or existing non-governmental customers increasing their gas used in their manufacturing process by a minimum of 25% per month for three consecutive months and who submit to an energy audit pursuant to NYSERDA's Energy Audit Program/Flex Tech, as further described in Sections (C) and (F) below. Additionally, Customers must receive either a substantial real property tax incentive, energy rebates under the City of New York's Energy Cost Savings Program, or a Comprehensive Package of Economic Incentives, all as defined below, and be eligible to receive service under Service Classification ("SC") No. 2 or SC No. 9 Rates (A)(2) and (A)(4) of this Rate Schedule, utilize all or a portion of their gas for industrial or commercial processes, and meet the requirements of this Rider. This Rider shall also apply to existing buildings that (i) Qualify for a matching benefit from either the City of New York or Westchester County, (ii) Submit to an energy audit pursuant to NYSERDA's Energy Audit Program/Flex Tech, and (iii) Provide evidence of private sector job creation/retention and Capital Investment.

(B) Definitions:

- (i) A "Substantial Real Property Tax Incentive" is defined as a tax incentive of at least five-years' duration established under either Section 485-b of the New York State Real Property Tax law (in localities outside New York City) or Title 2-C or 2-D of the New York State Real Property Tax law (in New York City) or under a similar provision of law providing such real property tax relief incentives for the express purpose of job development.
- (ii) A "Comprehensive Package of Economic Incentives" is a separately negotiated comprehensive package of economic incentives of at least five years' duration conferred by the local municipality or state authorities in exchange for a long-term commitment from the Customer to locate or re-locate in the Company's service area. Such a comprehensive package must include a substantial property tax incentive or energy rebates under the Energy Cost Savings Program and may also include other tax or similar incentives designed to maintain or increase employment levels in the Company's service area.
- (iii) "Energy Cost Savings Program" is defined as an energy cost rebate program administered by the City of New York pursuant to Title 22, Chapter 6, of the New York City Administrative Code.

The Customer shall provide the Company with suitable documentation of its receipt of any of the incentives set forth in (i) to (iii) above.

RIDER I

Applicable to Service Classification Nos. 2 and 9
(Subject to the provisions thereof)

Gas Manufacturing Incentive Rate (MIR)

(B) Definitions: - Continued

- (iv) A "New Premises" is defined as a new building that is constructed on or after October 1, 2003 where the building is receiving either a substantial real property tax incentive, energy rebates under the City of New York's Energy Cost Savings Program, or a Comprehensive Package of Economic Incentives. Additions or extensions will not qualify as New Premises.
- (v) A "Vacant Premises" is defined as a previously occupied building that is vacant on or after October 1, 2003 where: at least 75% of the rentable commercial square foot area has been unoccupied for twelve (12) consecutive months out of the twenty-four (24) months preceding the first application for service in such building under the MIR; and the building is receiving either a substantial real property tax incentive, energy rebates under the City of New York's Energy Cost Savings Program, or a Comprehensive Package of Economic Incentives.
- (vi) "Manufacturing" for purposes of this Rider means the transformation of materials or substances into new products. Gas furnished under this Rider is to be used directly in manufacturing or processing, and not for indirect use such as co-generation where the steam or electricity by-product is itself used in the production of the ultimate product.
- (vii) "Existing Customer" for the purpose of this rider is defined as a manufacturing customer who occupies an existing premises and materially increases its use of gas service, provided such material increase is the result of the addition of equipment, or expansion of the customer's facility or operation.

VI. Service Classification Riders (Available on Request) - Continued

RIDER I

Applicable to Service Classification Nos. 2 and 9
(Subject to the provisions thereof)

Gas Manufacturing Incentive Rate (MIR)

(C) Scope of Program

The MIR will be available to qualifying Customers in Con Edison's service territory on a first-come, first-serve basis. A total of 5 million therms (excluding the first 250 therms per month of a Customer's use) are available to eligible customers under one of three programs: 2 million therms are available under the Company program; 2.5 million therms under the City of New York ("City") program; and 0.5 million therms under the Westchester County ("County") Program. If the City and/or County have qualifying customers that would cause either or both to exceed their respective allocated volumes, and the Company has not qualified customers for the full two million therms available under its program, the Company will accept additional customers under the City and/or County programs, provided that the aggregate volume of qualifying annual therms for participating customers under all three programs does not exceed five million therms. Furthermore, a funding limitation of \$3 million will apply to the aggregate programs under this Rider, so that the Company may terminate the availability of rate discounts under this Rider when the combined forecasted level of discounts exceeds \$3 million. The MIR will be available to customers who meet the qualifications set out in this Rider. In addition, those Customers who qualify for the Gas Manufacturing Incentive Rate under the City or the County Programs must provide the Company with a letter of certification from NYC or Westchester County Municipalities defining the economic incentive package and the associated dollar value. Customers must prepare and submit the General Manufactures Incentive Rate ("GMIR") application and an energy survey must be conducted for quantifying energy efficiency improvement measures and must identify the percentage of gas used in the building directly related to the manufacturing process. The Company will work with the City and County to identify and qualify eligible customers. However the Company reserves the right to make the final determination as to whether or not to award the MIR discount. Once gas therms are allocated towards the Company's, City's or County's MIR program, any reduction in load due to MIR Customers leaving the Company's program will not be made available to new applicants, *i.e.*, the annual load eligible for the MIR under the Company's program will be permanently reduced by such allocation.

Rate reductions for Customers taking service under this Rider will be provided for a period of five years, at the rates set forth in Section H (1)-(2). The Company retains the right to discontinue service or refuse new applications for service under Rider I if the rate reductions are no longer cost justified or the Company is not permitted to recover any difference in revenues calculated at the base rates of SC No. 2 or SC No. 9 and the base rates set forth in Section H of this Rider.

(Subject to the provisions thereof)

Gas Manufacturing Incentive Rate (MIR)

(D) Restrictions as to the Availability of this Rider - Continued

Service under this Rider is not available:

- (i) to a premises unless the Company estimates that at least 40% of the gas used in the building is for activities directly related to manufacturing processes;
- (ii) to a Customer using gas in distributed generation, merchant generators or co-generation units;
- (iii) to a Customer taking service under negotiated and other incentive tariff rates, except for Energy Cost Saving Program discounts. For example, Customers taking service under the air-conditioning rate discount for gas used for air-conditioning or Customers taking service under the Company's Rider G – Economic Development Zone Rate will not be eligible for the MIR program;
- (iv) to Retail establishments (e.g., restaurants, hotels, hospitals, schools, cultural, religious or public institutions);
- (v) to a residential-type premises where the account is in the name of a non-residential entity, such as apartments for renting purposes, the apartment of the superintendent of a residential building billed in the name of the landlord, or a residence in the name of a corporation that utilizes gas for commercial or industrial process use;
- (vi) to a non-governmental manufacturing customer receiving a Comprehensive Package of Incentives, whose total delivery rate reductions from the Company under this Rider are estimated to exceed fifty percent of the Comprehensive Package of Economic Incentives to be conferred by local or state authorities to that Customer, inclusive of the Rider I delivery rate reductions, all computed on a net present value basis;
- (vii) to a master-metered residential building where the gas is used for cooking; or
- (viii) to any Customer eligible for service under Service Classification Nos. 1 or 3 of this Rate Schedule, such as a corporation or association organized and conducted in good faith for religious purposes.

Gas Manufacturing Incentive Rate (MIR)

(E) Right to Reject Applications for Service

Con Edison reserves the right to reject an application if:

- (i) the area in which service is sought cannot support the additional gas service requested without causing excessive Company capital expenditures to be made. The Company shall determine capital expenditures to be excessive if such expenditures are in excess of two times the estimated annual pure base revenues that would be obtained from the Customer under the MIR. Pure base revenues are total revenues less taxes and the revenues attributable to the gas cost factor and monthly rate adjustment, as applicable. If capital expenditures are excessive, an applicant may still qualify for service under the MIR by making a non-refundable payment or other contribution satisfactory to the Company towards such capital expenditures. Such payment or other contribution must be made in advance of taking service under the MIR; or
- (ii) the Customer is deemed ineligible pursuant to the criteria set forth in Section D above.

RIDER I

Applicable to Service Classification Nos. 2 and 9
(Subject to the provisions thereof)

Gas Manufacturing Incentive Rate (MIR)

(F) Application Process

Applications to commence service under the MIR program will be accepted from January 1, 2004 through December 31, 2010 and must be made no later than 30 days after the filing of the Customer's application for economic development benefit(s) from state or local authorities as outlined in (B) (i) - (B) (iii) above. Approval of an MIR application will be contingent upon the Customer's receipt of economic development benefits and the ability to meet other criteria established under the MIR. For Customers requesting service by virtue of the receipt of a Comprehensive Package of Economic Incentives, the MIR application must include a letter from the governmental economic development agency negotiating the package recommending that the Customer be accepted for the MIR.

For Manufacturing Customers occupying Existing Premises, the customer shall notify the Company by submitting an application along with proof of equipment invoice and/or lease/deed of additional space and a letter from a governmental economic development agency recommending the Customer be accepted for the MIR. Following such notification, the Company will review the monthly billable consumption. If for the next three consecutive months following the application, each month's usage exceeds the usage in the comparable monthly period in the preceding year by a minimum of 25%, the Customer will be eligible to be served under this Rider, subject to the terms and condition as explained under the "Scope of Program" in Section (C) of the MIR. The Company retains the right to decline service or discontinue the program under the provisions of Section (C) of the MIR. The Company will establish a twelve-month base usage for each qualifying Customer. Such base usage will reflect, by month, the billed therms for the twelve-month period immediately preceding the customer's application for MIR service. The rate reduction for Customers taking service under this Rider will be provided for a period of five years, at the rates set forth in Section H (1)-(2) and shall apply only to that portion of billable therms in excess of the Customer's monthly base therm usage as explained above.

(G) Term

An Applicant's term of service under this Rider commences on the first day of the next billing cycle following the Company's receipt (in the period identified in Section F above) of an acceptable application for service under this Rider. The rate reduction for Customers taking service under this Rider will be provided for a period of five years, at the rates set forth in Section H (1)-(2) This Rider shall remain in effect until December 31, 2015.

(H) Rate (per month):

SC No. 2 - Rate I or SC No. 9 – Rate A (2)

For service in premises covered by this Rider, the following base rates, subject to revision whenever there is a change in the base rates of SC Nos. 2 or 9, will apply for the five year period that a Customer takes service under this Rider:

For the first	3	therms (or less).....	\$20.05
For the next	87	therms	59.71 cents per therm
For the next	160	therms	35.79 cents per therm
For the next	2,750	therms	23.47 cents per therm
For excess over	3,000	therms	12.33 cents per therm

SC No. 2 - Rate II or SC No. 9 – Rate A (4)

For service in premises covered by this Rider, the following base rates, subject to revision whenever there is a change in the base rates of SC Nos. 2 or 9, will apply for the five year period that a Customer takes service under this Rider:

For the first	3	therms (or less).....	\$20.06
For the next	87	therms	60.74 cents per therm
For the next	160	therms	42.67 cents per therm
For the next	2,750	therms	28.17 cents per therm
For excess over	3,000	therms	14.51 cents per therm

Merchant Function Charge, System Benefits Charge, Temporary State Assessment Surcharge, and Billing and Payment Processing Charge

A Firm Sales Customer taking service under this rate is also subject to a Merchant Function Charge, System Benefits Charge, a Billing and Payment Processing Charge, and the Temporary State Assessment Surcharge as explained in General Information Section IX. A firm transportation Customer taking service under this rate is subject to a System Benefits Charge, Billing and Payment Processing Charge, and the Temporary State Assessment Surcharge as explained in General Information Section IX.

Gas Cost Factor and Monthly Rate Adjustments

A firm sales Customer taking service under this Rider is also subject to the Gas Cost Factor applicable to SC No. 2, Rate I or II of this Rate Schedule and the Monthly Rate Adjustment as explained in General Information Section VII. A firm transportation Customer taking service under this Rider is also subject to the Monthly Rate Adjustment as explained in Rate Provision (J)(1) of SC No. 9 .

RIDER J

Applicable to Service Classification Nos. 1, 3, and 9
(Subject to the provisions thereof)

Residential Distributed Generation Rate

(A) Applicability:

To Customers eligible to receive service under Service Classification ("SC") No. 1, SC No. 3, and SC No. 9 Rate A (1) and A (7) in buildings with four or less dwelling units where gas supplied under this Rider is used for the purpose of the operation of a Distributed Generation Facility and for such other purposes as would normally be available under those service classifications ("Small Residential DG Customers").

To Customers eligible to receive service under SC No. 1, SC No. 3, and SC No. 9 Rate A (7) in buildings with five or more dwelling units where gas supplied under this Rider is used solely for the purpose of the operation of a Distributed Generation Facility ("Large Residential DG Customers").

This Rider is available to DG facilities that are not eligible for service under Rider H of this Rate Schedule.

(B) Definitions:

For the purposes of this Rider, the following definitions shall apply:

(iv) **Annual Load Factor** is defined as the Customer's annual gas usage provided under this Rider divided by the product of the associated Customer's Winter Peak Day Gas Usage and the number of days in the annual determination period.

The formula to calculate Annual Load Factor is:

Annual Load Factor = $\frac{\text{Total Annual Gas Usage}}{\text{Winter Peak Day Usage} \times \text{No. of days in the annual determination period}}$

Winter Peak Day Usage x No. of days in the annual determination period

(v) **Distributed Generation** represents generating units designed to provide electricity to a single Customer or specific Customers within a defined geographical location.

(vi) **Distributed Generation Facility** is defined as one or more on-site Distributed Generation units (including combined heat and power applications).

(C) Definitions: - Continued

(iv) Winter Peak Day Gas Usage and Average Daily Gas Usage:

For determining continued eligibility for Large Residential DG Customers after the first fifteen months of service hereunder, and annually each year thereafter, Winter Peak Day Gas Usage shall be calculated as follows:

The Customer's Winter Peak Day Usage is the Customer's highest Average Daily Gas Usage occurring during the Winter Period multiplied by a factor determined by the Company to reflect the relationship between the experienced actual Winter Peak Day Gas Usage and the highest Winter Average Daily Gas Usage. Average Daily Gas Usage is defined as the Customer's metered gas usage for the billing period divided by the number of days in the billing period. The Customer's Winter Peak Day Usage and Average Daily Gas Usage will be based on only the Customer's separately metered DG usage.

(v) **Summer Period** is defined as the period from April 1 through October 31.

(vi) **Winter Period** is defined as the period from November 1 through March 31.

RIDER J

Applicable to Service Classification Nos. 1, 3, and 9
(Subject to the provisions thereof)

Residential Distributed Generation Rate

(D) Eligibility:

A Large Residential DG Customer's continued eligibility for service hereunder shall be contingent upon the Customer maintaining a minimum Annual Load Factor of at least 50 percent for its gas usage.

For purposes of determining a Large Residential DG Customer's initial eligibility for service under this Rider, the Customer shall provide the Company with a reasonable estimate of the Customer's Annual Gas Usage and Winter Peak Day Gas Usage during the first year of operation of the Customer's Distributed Generation Facility, with the first year commencing after a three-month start-up phase. In the event the Large Residential DG Customer does not submit the required information, the Company will estimate the Customer's Annual Load Factor using the best available information. A Large Residential DG Customer may be denied service under this Rider if the Customer fails to supply the information requested hereunder or if it appears from the information supplied by the Customer or from the best information available to the Company that it is most likely that the Customer will not maintain at least the minimum Annual Load Factor during the first year.

The Large Residential DG Customer's Annual Load Factor shall be computed after the first fifteen monthly billing periods hereunder (based on the most recent twelve-month billing period) and annually thereafter for the purpose of determining continued eligibility. A Large Residential DG Customer whose Annual Load Factor falls below the minimum requirement will become ineligible for service under this Rider for one year and will be notified in writing to this effect. Such notification will also stipulate that the Customer must elect to be transferred to and billed for all gas usage recorded thereafter at the rates and charges of the Customer's otherwise applicable firm, interruptible or off-peak firm Service Classification and that such election must be made within 15 days of receipt of such notification. A Large Residential DG Customer who fails to make an election will be deemed to have elected firm service. In instances where the Customer can demonstrate to the Company's satisfaction that the Customer experienced conditions at its facility that prevented the Customer from maintaining the minimum Annual Load Factor and that such conditions were beyond the Customer's control, the Company may, at its sole discretion, continue to allow the Customer to take service under Rider J or to return to service under Rider J in less than one year. Such allowance will be contingent on the Customer reasonably demonstrating to the Company's satisfaction that the condition(s) that prevented the Large Residential DG Customer from maintaining the minimum Annual Load Factor has been corrected and/or is not likely to recur in the next applicable annual determination period.

RIDER J

Applicable to Service Classification Nos. 1, 3, and 9
(Subject to the provisions thereof)

Residential Distributed Generation Rate

(D) Term

The term is fifteen months from the date of commencement of service hereunder, and successive annual periods thereafter. The Customer or the Company may terminate service at the end of each annual period upon not less than 30 days prior notice in writing to the other party, except that the 30 day notice period shall not apply in cases where the Large Residential DG Customer becomes ineligible for service hereunder for failure to maintain the minimum Annual Load Factor. The Company may also terminate service in the manner provided by law and provisions of this Rate Schedule. In addition to all other remedies available to the Company, the Company reserves the right to discontinue service immediately, temporarily or permanently, to the Customer or to the premises where there is a violation or any failure to comply with any of the provisions of this Rider, the Company's Sales and Transportation Operating Procedures, or this Rate Schedule.

An Applicant will become eligible for service under this Rider on the first day of the next billing cycle following Company's receipt of an acceptable application for service and the completion of the installation of the required metering equipment, if applicable. Except as provided under the Eligibility provisions hereunder, Large Residential DG Customers whose Annual Load Factor falls below the minimum requirement will no longer be eligible for this service and may elect to be transferred to the otherwise applicable firm, interruptible or off-peak firm service classification. A Customer who fails to make an election will be deemed to have elected firm service. Such Large Residential DG Customers may reapply for service hereunder after twelve consecutive months.

VI. Service Classification Riders (Available on Request) - Continued

RIDER J

Applicable to Service Classification Nos. 1, 3, and 9
(Subject to the provisions thereof)

Residential Distributed Generation Rate

(E) Rate (per month) - Continued

Rate II -Applicable to SC 3 and SC9 Customers - Continued

- (2) **Minimum Charge (per month):** The Monthly Minimum Charge shall be the charge for the first 3 therms of gas.
- (3) **Merchant Function Charge, System Benefits Charge, Temporary State Assessment Surcharge, and Billing and Payment Processing Charge:**
A Firm Sales Customer taking service under this rate is also subject to the Merchant Function Charge, the System Benefits Charge, the Temporary State Assessment Surcharge, and the Billing and Payment Processing Charge as explained in General Information Section IX. A firm transportation Customer taking service under this rate is subject to the Billing and Payment Processing Charge, the System Benefits Charge, and the Temporary State Assessment Surcharge as explained in General Information Section IX.
- (4) **Gas Cost Factor and Monthly Rate Adjustment:**
A firm Sales Customer taking service under this Rider is also subject to the Gas Cost Factor applicable to SC No. 3 of this Rate Schedule and the Monthly Rate Adjustment as explained in General Information Section VII. A firm transportation Customer taking service under this Rider is also subject to the Monthly Rate Adjustment as explained in Rate Provision (J)(1) of SC No. 9.

(F) Other Provisions Applicable to Rate I and Rate II

A Customer taking service under this Rider shall be subject to all other charges, terms and conditions as set forth in SC Nos. 1 or, 3 or 9, except for the monthly minimum charge applicable to large volume dual-fuel Customers in SC No. 3.

(G) Special Provisions

- (1) Separate service lines will not be required for distributed generation service and non- distributed generation service under this Rider. However, if existing services and/or upstream distribution facilities are inadequate, the Customer shall be responsible for all incremental costs incurred by the Company. Customers taking service under this Rider will be charged for additional facilities pursuant to the provisions in the Company's Gas Tariff.
