GENERAL INFORMATION – Continued

VII. Gas Cost Factor and Monthly Rate Adjustment

- (A) Gas Cost Factor (GCF): The rates for gas service under SC Nos. 1, 2, 3 and 13 shall be increased each month by a Gas Cost Factor to reflect the Average Cost of Gas for the month, as adjusted by the following:
- (1) Annual Surcharge or Refund Adjustment;
 - (2) Gas Supplier Take-or-Pay Charges;
 - (3) Pipeline Transition Costs;
 - (4) Gas Supplier Refunds (except as provided in (A) (5) below);
- (B) A Monthly Rate Adjustment (MRA) to reflect the following:
- (1) Non-Firm Revenue Credit;
 - (2) Other Monthly Rate Adjustment Components;
 - (i) Gas Facility Costs Credit Provision;
 - (ii) Transition Surcharge for Capacity Costs;
 - (iii) Research & Development Surcharge;
 - (iv) Load Following Charge;
 - (v) Transition Adjustment for Competitive Services;
 - (vi) Low Income Reconciliation Adjustment;
 - (vii) Uncollectibles Charge Related to Monthly Rate Adjustment;
 - (viii) Gas in Storage Working Capital Charge;
 - (ix) Oil to Gas Conversion Program Surcharge;
 - (x) Curtailment Cost Recovery Charge; and
 - (xi) Other Non-Recurring Adjustments
- (C) A Weather Normalization Adjustment.

The Gas Cost Factor and Monthly Rate Adjustment shall be expressed to the nearest 0.0001 of one cent.

(A) Gas Cost Factor Components

1. Average Cost of Gas

Pursuant to the Settlement Agreement adopted by the Commission in its Order Authorizing Merger, issued and effective April 2, 1999, gas is purchased under a common supply arrangement for both Consolidated Edison Company and Orange and Rockland Utilities ("Companies"). The arrangement is administered by a single corporate department or entity for the benefit of the Companies, which purchase gas and services for the Companies in a manner that minimizes their total cost. The Company's monthly Average Cost of Gas applicable to the rates under SC Nos. 1, 2, 3 and 13 shall be based upon the Company's apportioned share of fixed and variable costs and shall be computed as follows:

(A) Gas Cost Factor Components – Continued

1. Average Cost of Gas - Continued

(a) Fixed Gas Costs:

Fixed gas costs include pipeline demand charges, supplier gas inventory charges, storage demand charges, and any similar charges that do not vary with the volume of gas purchased, including the cost of capacity that enables the Company to offer Capacity Release Service and excluding fixed gas costs associated with assets used for balancing, and applicable surcharges and taxes. Fixed gas costs shall be allocated to each Company using a fixed percentage based on the ratio of each Company's forecasted winter peak day capacity requirement, to the total forecasted peak day capacity requirement of the Companies. The fixed percentages shall be revised annually to become effective November 1. The Company shall advise the Commission Staff on or before October 1 of each year of any changes in the fixed percentages to be implemented the following November 1.

VII. Gas Cost Factor and Monthly Rate Adjustment – Continued

(A) Gas Cost Factor Components – Continued

1. Average Cost of Gas - Continued

(a) Fixed Gas Costs - Continued

The Company's apportioned share of fixed gas costs will be reduced by the following:

- (i) the revenue derived from Load Following and Daily Delivery Services from SC No. 9 Firm Transportation Customers which results from rates in effect prior to October 1, 2010;
- (ii) Firm Customers' allocated share of the revenue derived from gas balancing services under SC No. 9 "Rates" (H) and (I), SC No. 12, and SC No. 20 "Charges" (A)-(C) and (F) and power generation as explained in General Information Section VII (B)1;
- (iii) revenue derived from the Transition Surcharge for Capacity Costs collected from Firm Sales and Transportation Customers as explained in General Information Section IX (4);
- (iv) the estimated fixed gas costs allocated to interruptible and off-peak firm customers taking service under SC Nos. 12 and 19;
- (v) Firm Customers' allocated share of net revenues derived from the use of interstate pipeline capacity for capacity releases which also includes capacity releases to firm transportation customers or to ESCOs serving firm transportation customers under the Company's Capacity Release Program, bundled sales and other off-system transactions as explained in General Information Section VII (B) 1; and
- (vi) the fixed gas costs included in Winter Bundled Sales Service revenues from SC No. 20 Marketers.

The Company's apportioned share of fixed gas costs, net of the foregoing reductions, will be further allocated between SC Nos. 1,2,3 and 13 according to the percentages set forth on the Statement of Gas Cost Factor and divided by the respective forecast quantities of gas to be taken for delivery to customers served under SC Nos. 1,2,3 and 13 for the twelve calendar months ending the following August 31. The Company will review the percentages used in allocating fixed costs between service classes at least annually. If such percentages change by +/- 1% or more, the Company will implement such changes in the Gas Cost Factor upon consultation with the Commission Staff.

GENERAL INFORMATION – Continued

VII. Gas Cost Factor and Monthly Rate Adjustment - Continued

(A) Gas Cost Factor Components - Continued

1. Average Cost of Gas - Continued

(b) Variable Costs

Variable gas costs include purchased gas costs (including gas costs incurred in connection with capacity that enables the Company to offer Capacity Release Service), storage and peaking gas costs, cost of alternate gas supplies, (e.g., liquefied natural gas, liquefied propane gas and propane air), variable transportation costs, fuel retention costs, applicable surcharges and taxes, and the costs of financial hedging instruments associated with transactions intended to reduce price volatility to customers (e.g., transaction costs, such as option premiums, costs of providing credit support and margin requirements, and professional fees, and gains and losses associated with such transactions made in the commodities exchanges and with other counterparties).

The variable costs shall be allocated between the Companies in proportion to their respective monthly firm sales sendout quantities and the applicable portion of monthly sendout to the Company's steam and steam-electric units. The variable costs shall be determined by:

- (i) applying the variable rates and charges of the transporters, storage and peaking providers, and suppliers to the billing determinants associated with transportation, storage and peaking, and gas supply for the forecasted weather normalized quantities of gas to be taken for delivery to Firm Sales Customers and to the Company's steam and steam-electric units during the month in which the Gas Cost Factor will be in effect, plus
- (ii) applying the average unit cost of gas in storage at the date of computation to the quantities of gas estimated to be withdrawn from storage for both Companies' Firm Sales Customers and to the quantities of gas estimated to be withdrawn from storage for the Company's steam and steam-electric units during the month in which the Gas Cost Factor will be in effect.

The Company's apportioned share of variable costs, less variable costs allocated to the Company's steam and electric customers and less variable costs included in Winter Bundled Sales Service revenues from SC No. 20 Marketers, shall be divided by the forecasted weather normalized quantities of gas to be taken for delivery to the Company's Firm Sales Customers during the month in which the Gas Cost Factor will be in effect.

VII. Gas Cost Factor and Monthly Rate Adjustment - Continued

(A) Gas Cost Factor Components - Continued

1. Average Cost of Gas - Continued

(c) Total Average Cost of Gas

The total average costs of gas are the sum of the unit amounts determined in (a) and (b) above multiplied by a factor of adjustment to reflect distribution line losses, as further discussed in (d) below.

(d) Factor of Adjustment

The factor of adjustment ratio ("FOA") equals 1.0133 based on a line loss factor ("LLF") of 1.315 percent.

(A) Gas Cost Factor Components - Continued

2. Annual Surcharge or Refund Adjustment:

Actual gas cost recoveries shall be reconciled with actual gas expenses each year, and a surcharge or refund to recover Gas Cost Factor under-recoveries or refund Gas Cost Factor over-collections shall be computed as follows:

- (a) By taking the cost of gas adjusted for the following:
- (i) supplier refunds, if any, being credited to firm customers pursuant to General Rule VII(A) 6. - Gas Supplier Refunds,
 - (ii) firm customers' share of net revenues derived from the use of interstate pipeline capacity for capacity releases, bundled sales and other off-system transactions,
 - (iii) take-or-pay charges billed to the Company by its gas suppliers set forth in General Information Sections VII (A) 3 and IX.2, including gas pipeline transition costs set forth in General Information Section VII (A)4,
 - (iv) Winter Bundled Sales Service revenues from SC No. 20 Marketers and load following and daily delivery revenues from SC No. 9 firm transportation customers derived from rates in effect prior to October 1, 2010,
 - (v) firm customers' allocated share of balancing services revenues from SC No. 9 Rates (H) and (I), SC No. 12, and SC No. 20 "Charges" (A) - (C) and (F) and power generation,
 - (vi) Transition Surcharge for Capacity Cost revenues collected from firm sales and transportation customers as explained in General Information Section IX(4),
 - (vii) liquefied propane consumed, as recorded on the Company's books during the determination period,
 - (viii) the costs recorded during the determination period assignable to gas sold to Customers not subject to the Gas Cost Factor, and
 - (ix) revenues associated with the transportation surcharge included in the Load Following charge as explained in General Information Section IX 6.

(Name of Officer, Title, Address)

GENERAL INFORMATION - Continued**VII. Gas Cost Factor and Monthly Rate Adjustment - Continued****(A) Gas Cost Factor Components - Continued****2. Annual Surcharge or Refund Adjustment- Continued**

- (b) By taking the cost of gas derived in paragraph (a) above excluding firm demand costs adjusted to reflect a level of purchased gas commensurate with actual sales and the allowed factor of adjustment as described below:

- (i) If the actual line loss factor ("LLF") is between 0.815% and 1.815%, there is no adjustment to the cost of gas.
- (ii) If the actual LLF is greater than 1.815%, the cost of gas will be adjusted by the ratio of the Factor of Adjustment ("FOA") of 1.0185 (the FOA based on a LLF of 1.815%) and the Actual FOA as shown in the following formula:

$$\text{Adjusted Cost of Gas} = \text{Cost of Gas to Firm Customers} \times \left(\frac{1.0185}{\text{Actual FOA}} \right)$$

- (iii) If the actual LLF is less than 0.815%, the cost of gas will be adjusted by the ratio of 1.0082 (the FOA based on a LLF of 0.815%) and the Actual FOA, as shown in the following formula:

$$\text{Adjusted Cost of Gas} = \text{Cost of Gas to Firm Customers} \times \left(\frac{1.0082}{\text{Actual FOA}} \right)$$

- (iv) For the period October 1, 2009 through September 30, 2010, the adjustment for line losses included in the annual surcharge or refund will be calculated in accordance with the methodology established in Case 06-G-1332.
- (v) The Company or any interested party may petition the Commission to modify the GCF reconciliation for any reconciliation period where the Company or such party believes the actual LLF to be anomalous or the result of an error.
- (c) By taking the adjusted cost of gas derived in paragraph (b) above reduced by the following to determine the actual Gas Cost Factor under- or over- collections:
- (i) the Gas Cost Factor revenues adjusted to eliminate the Increase in Rates Applicable in Municipality Where Service is Supplied as defined in General Information Section VIII and the effect of the adjustments to the Average Cost of Gas set forth in this Section (A); and
- (ii) the previous year's over-collection including interest, to the extent not refunded, or adding the previous year's under-collection including interest, to the extent not recovered;

2. Annual Surcharge or Refund Adjustment - Continued

- (d) By taking the amount derived in paragraph (c) above divided by the total quantities of gas to be sold by the Company to its SC Nos. 1, 2, 3, and 13 Customers during the surcharge/refund period to determine the Annual Surcharge or Refund Adjustment.

Surcharge or refund amounts shall bear interest at the rate prescribed by the Commission on unamortized balances.

The determination period to be used in the computation of the Annual Surcharge or Refund Adjustment shall be the 12 months ended August 31 of each year. The computation shall be filed with the Commission on or before October 15 of each year to become effective January 1 of the following year.

The Annual Surcharge or Refund Adjustment shall be shown separately on the Statement of Gas Cost Factor.

Revisions to the Annual Surcharge/Refund Adjustment will be permitted during the 12 month period ended August 31 for the purpose of preventing large over-collection or under-collection balances from accruing at August 31 subject to Commission Staff approval.

3. Gas Supplier Take-or-Pay Charges:

Take-or-Pay ("TOP") charges billed to the Company by its gas suppliers shall be recovered from Customers in accordance with the Public Service Commission's December 11, 1989 Opinion and Order (No. 89-41), and its September 30, 1993 Order adopting the Settlement Agreement dated August 6, 1993.

4. Pipeline Transition Costs:

Gas pipeline transition costs will be recovered from Customers as follows:

- (a) all costs related to unrecovered gas costs (Account 191) will be recovered from the Company's Firm Sales Customers, including Customers who convert from Firm Sales to Transportation;
- (b) all costs related to pipeline stranded investment will be recovered from Firm Sales Customers, all Transportation Customers and Electric and Steam Customers. Gas Transportation Customers who convert from Firm Sales Service to Firm Transportation Service will be charged the same per unit charge assigned to Firm Sales Customers. All other Transportation Customers will be charged 50% of the per unit charge assigned to Firm Sales Customers; and
- (c) costs related to gas supply realignment will be recovered in the same manner as set forth above in subparagraph (2) above for stranded investment cost.

5. Gas Supplier Refunds:

If the Company receives refunds of excess charges paid to the supplier or suppliers prior to gas being purchased under a common supply arrangement, such refunds will be credited to the Company's firm gas customers, except that refunds will be deferred and used to fund a gas migration incentive in accordance with Rate Provision J.9 of SC9.

In addition, if a refund is received pertaining to the period where gas is purchased under a common supply arrangement for the Companies, such refund will be allocated between the Companies in proportion to the Companies' respective monthly firm sales sendout quantities and firm transportation quantities covering the period of the refund. If gas is also purchased for the Company's steam and steam-electric units during that period, the refund allocation shall also take into account the sendout quantities from the steam and steam-electric units to the extent that the period of the refund includes the Winter season.

Firm transportation customers who take an assignment of Con Edison's upstream capacity assets shall receive the portion of any refunds associated with those upstream capacity assets as a credit to the Monthly Rate Adjustment applicable to SC No. 9.

The refund credits shall be computed as follows:

The Company shall commence crediting its Firm Gas Sales Customers, and its Firm Transportation Customers who take an assignment of Con Edison's upstream capacity, within six months of the date of receipt of each refund by a credit to the Gas Cost Factor applicable to SC Nos. 1, 2, 3 and 13 and to the Monthly Rate Adjustment applicable to SC No. 9 over a 12-month period. Any refunds received by the Company from its suppliers may be combined for purposes of computing the refund credit.

(General Information - Continued on Leaf No. 163)

Issued By: Robert N. Hoglund, Senior Vice President & Chief Financial Officer, 4 Irving Place, New York, NY 10003

(Name of Officer, Title, Address)

GENERAL INFORMATION - Continued

VII. Gas Cost Factor and Monthly Rate Adjustment - Continued

(A) Gas Cost Factor Components - Continued

5. Gas Supplier Refunds - Continued

The specific level of refund credit will be computed by dividing the total applicable refund amount, including gas supplier and Company interest, by the estimated firm sales therms and firm transportation therms for the twelve months of the refund period. The Company shall determine the total amount refunded to its Customers on the basis of the actual ten months' sales and transportation figures. Any balance of the refund remaining after the ten month's actual sales and transportation quantity and the eleventh month's estimated sales and transportation quantity will be divided by an estimate of the twelfth month's sales and transportation quantity and will be reflected in the applicable monthly adjustment for the twelfth month.

The Company may make appropriate adjustments to the refund credit at any time if it appears that the refund will be completed prior to the end of the refund period.

Any under- or over- recovery which results from the operation of this refund provision shall be included in the computation of the next applicable Annual Surcharge or Refund. If the Company receives a refund from its gas supplier or suppliers where the total amount of the refund, including interest, is too small to be credited separately, such refund shall be included in the computation of the next refund applicable to the monthly Gas Cost Factor applicable to SC Nos. 1,2,3, and 13 and the Monthly Rate Adjustment applicable to SC No. 9, or the next applicable Annual Surcharge or Refund Adjustment.

Simple interest, at the rate of interest prescribed from time to time by the Public Service Commission, shall be accrued on supplier or suppliers' refunds from the date of receipt of such refund by the Company until the refund is included in the applicable monthly Gas Cost Factor and Monthly Rate Adjustment or the next applicable Annual Surcharge or Refund. Commencing with the date the supplier or suppliers' refund is included in the monthly Gas Cost Factor and Monthly Rate Adjustment, interest will be accrued on the estimated monthly unrefunded balances through the end of the refund period.

Where exceptional circumstances warrant, the Company may petition the Public Service Commission for waiver of the above refund plan.

GENERAL INFORMATION - Continued

VII. Gas Cost Factor and Monthly Rate Adjustment – Continued

(B) Monthly Rate Adjustment Components

1. Non-Firm Revenue Credit

Customers receiving firm sales service under SC Nos. 1, 2, 3, and 13 ("Firm Sales Customers") and Customers receiving firm transportation service under Rate A of SC No. 9 ("Firm Transportation Customers") shall be eligible for a monthly Non-Firm Revenue Credit expressed on a cents per therm basis.

For Firm Sales Customers, the Non-Firm Revenue Credit will be applied to the Monthly Rate Adjustment applicable to SC Nos. 1, 2, 3 and 13. For Firm Transportation Customers, the Non-Firm Revenue Credit will be applied to the Monthly Rate Adjustment applicable to SC No. 9. The Non-Firm Revenue Credit will be revised monthly and applied as a credit to the applicable Monthly Rate Adjustment effective on the first calendar day of each month.

Firm Customers' share of non-firm revenues shall be credited to Firm Sales and Firm Transportation Customers through the Non-Firm Revenue Credit and as a reduction to the Average Cost of Gas in General Information Section VII (A)1.

Firm Customers' share of Non-Firm Revenues include the following:

- (a) Net revenues derived from use of interstate pipeline capacity for or by Customers taking service under SC No. 12 (Rate 2) and interruptible or off-peak firm service provided under negotiated bypass SC No.9 Rate D(1);
- (b) net revenues derived from the use of interstate pipeline capacity for capacity releases, to other than (I) Firm customers and/or ESCOs serving Firm customers under the Company's Capacity Release Service Program, and (ii) the demand charges recovered through the Winter Bundled Sales Service, SC No. 19, bundled sales and other off-system transactions (e.g., gas supplied to the Company's steam and steam-electric units);
- (c) net revenues derived from balancing services under SC No. 9 "Rates" (H) and (I), SC No. 12, and SC No. 20 "Charges" (A)-(C) and (F) and power generation;

(General Information - Continued on Leaf No. 165)

Issued By: Robert N. Hoglund, Senior Vice President & Chief Financial Officer, 4 Irving Place, New York, N. Y. 10003

(Name of Officer, Title, Address)

GENERAL INFORMATION - Continued

VII. Gas Cost Factor and Monthly Rate Adjustment - Continued

(B) Monthly Rate Adjustment Components - Continued

1. Non-Firm Revenue Credit - Continued

- (d) Monthly net base revenues derived from:
 - (i) Customers receiving interruptible service under SC No. 12 (Rate 1);
 - (ii) Customers receiving interruptible service under SC No. 9 (Rates B and D);
 - (iii) Power Generation Customers receiving interruptible or off-peak firm service, including interruptible or off-peak firm service under SC No. 9 Rate D(1) or special negotiated contracts or off-peak firm service customers under SC No. 9 Rate D(2)
 - (iv) Interruptible or off-peak firm service to Company-owned power generation plants, steam and steam – electric plants and to existing new and divested power generation facilities owned by third parties; and
 - (v) New York Power Authority in excess of \$3.1 million annually.

Non-Firm Revenues are net base revenues which are total revenues less the following, as applicable: taxes, actual cost of gas including hedging costs and gas supplier take or pay charges, balancing and associated charges, and any revenues included in total revenues related to reimbursements for facility costs associated with providing service, including, but not limited to, metering and communication equipment, service pipes and lines, service connections, main extensions, measuring and regulating equipment and system reinforcements and other facilities necessary to render service.

Firm Customers' allocated share of Non-Firm Revenues in (a) and (d) above, and firm Customers' share of the net revenues in (b) above derived from the use of pipeline capacity by SC No. 19 customers, will be reflected in the Non-Firm Revenue Credit.

Firm Customers' allocated share of net revenues from bundled sales and other off-system transactions in (b) above and the firm Customers' share of balancing revenues in (c) above, will be credited to firm sales Customers via a reduction to fixed gas costs reflected in the Average Cost of Gas used in computing the monthly Gas Cost Factor.

GENERAL INFORMATION - Continued

VII. Gas Cost Factor and Monthly Rate Adjustment - Continued

(B) Monthly Rate Adjustment Components – Continued

1. Non-Firm Revenue Credit - Continued

Allocation of Non-Firm Revenues

The Company shall retain 100 percent of Non-Firm Revenues in (a) through (d) up to the first \$58 million for each "Rate Year" commencing October 1 with the first Rate Year beginning October 1, 2010.

If Non-Firm Revenues are less than \$58 million in any Rate Year, the Company will (i) defer on its books of account for future recovery from customers, with interest, the amount by which Non-Firm Revenues are less than \$33 million and (ii) surcharge firm customers in the subsequent Rate Year for 80 percent of the difference between \$58 million and the level of Non-Firm Revenues achieved at or above \$33 million. For Non-Firm Revenues above \$58 million in any Rate Year, firm customers will be credited with 75 percent of the amount above \$58 million beginning in the subsequent month.

The Company may implement a surcharge or credit to customers at the commencement of any Rate Year for a projected variation from the targeted level (\$58 million) up to \$25 million. The surcharge or credit will be implemented over a 12 month period.

Determination of the Non-Firm Revenue Credit

The monthly Non-Firm Revenue Credit shall be determined by dividing the balance in the Non-Firm Revenue Credit Account at the end of the twelve-month period ending two months prior to the effective date of the credit by the applicable terms of gas sales to Customers receiving service under SC Nos. 1, 2, 3 and 13 and the sum of the Daily Delivery Quantities (as defined in SC No. 9) of Customers receiving service under Rate A of SC No. 9 for the same twelve-month period. The monthly balance in the Non-Firm Revenue Credit Account shall be determined by adding to the cumulative balance in the account, firm customers' allocated share of net Non-Firm Revenues as previously described, less the dollar amount of Non-Firm Revenue Credits reflected in that month's bills to Customers, plus interest. Interest shall be credited to the Non-Firm Revenue Credit Account each month at the unadjusted Customer deposit rate prescribed by the Public Service Commission.

GENERAL INFORMATION - Continued

VII. Gas Cost Factor and Monthly Rate Adjustment - Continued

(D) Filing Requirements:

The Gas Cost Factor and Monthly Rate Adjustment will become effective on the first calendar day of the month following the computation date and continue in effect until changed. Such adjustments will be prorated based on the number of days each applicable adjustment is in effect during the billing period.

Not less than three (3) business days prior to any change in either the Gas Cost Factor or the Monthly Rate Adjustment, the Company will file with the Commission:

- (a) a Statement of Gas Cost Factor showing the present Average Costs of Gas, the date at which and the period for which the average costs were determined, and the other rate adjustment components of the Gas Cost Factor, and the amount of the Gas Cost Factor per therm, together with the period such Gas Cost Factor per therm will remain in effect.

A new Statement of Gas Cost Factor may be filed on one day's notice to become effective not more than five days after the effective date of the initial statement if the replacement of cost estimates in the initial statement with actual figures results in a change in the Average Costs of Gas of more than five percent.

- (b) a Statement of Monthly Rate Adjustment showing a summary of the rate adjustment components in General Information Section VII (B) comprising the Monthly Rate Adjustment, and the total amount of the Monthly Rate Adjustment per therm, together with the period such rate adjustment will remain in effect.

Such Statements will be available to the public at customer service centers where applications for service may be made.
