RESIDENTIAL AND RELIGIOUS FIRM SALES SERVICE

Service is Not Available Under this Service Classification

- (1) Where any part of the residential dwelling or building, flat, apartment or sleeping space used by the Customer or an employee of the Customer is also used to conduct business or activity non-residential in character and such part is not metered separately and billed under another and appropriate Service Classification, provided, however, that incidental nonresidential activities conducted by occupants of the residence that meet all the following conditions shall not preclude service from being supplied under this Service Classification:
 - (a) the non-residential activity does not change the character or outward appearance of the residence;
 - (b) the non-residential activity is performed solely by occupants of the residence; and
 - (c) the non-residential activities do not require use of more than 25 percent of the floor space of the residence and, in a multi-room residence, no more than one room is reserved for the non-residential activities.
- (2) Where any part of the premises used for religious purposes is used regularly for business purposes and such part is not metered separately and billed under another and appropriate Service Classification.
- (3) For multiple-family dwellings or buildings (such as residential hotels and furnished apartments), except as set forth above, where the business of renting rooms, either with or without meals or service, is carried on, except where the gas service is rendered by the Company directly to the resident-tenant.
- (4) For multiple-family dwelling or building central refrigeration, or water heating, except as set forth above.
- (5) Directly to any individual flat or apartment in a new or completely renovated multiple-family dwelling, where there is no existing gas service to the building and gas will be used by tenants for cooking only.
- (6) Where the Company's supply of gas, under this Service Classification, in or to any buildings or premises or to the owner, or to any tenant or occupant thereof, is or will be furnished otherwise than directly to such owner, tenant or occupant as a Customer of the Company, through the Company's individual meters, upon the individual application of such owner, tenant or occupant to the Company: and the Company's service will be supplied under this Service Classification only on condition that the gas service furnished to such buildings or premises or to the owner, or to any tenant or occupant thereof, is for the Customer's or its own use and will not be remetered (or submetered), resold, assigned or, except as provided under "Availability of Service", otherwise disposed of to another or others.

General Firm Sales Service- Continued

Rate Provisions Applicable to Rate I and II

Minimum Charge (per month)

\$26.25 for Rate I and \$26.25 for Rate II exclusive of Gas Cost Factor, Merchant Function Charge, Billing and Payment Processing charge, System Benefits Charge, Temporary State Assessment Surcharge, Revenue Decoupling Mechanism Adjustment, Monthly Rate Adjustment and increase in rates and charges, except for Customers with dual-fuel facilities that are subject to the minimum charge set forth below.

Minimum Charge Applicable to Large Dual-Fuel Customers (per month)

1. Minimum Charge

A dual-fuel Customer commencing service hereunder whose estimated Annual Allocation is equal to or exceeds 100,000 therms will be subject to a monthly minimum charge. In addition, a monthly minimum charge will be applied to a Customer that converts from gas only burning equipment to dual-fuel capable equipment after commencing service hereunder and whose estimated Annual Allocation or actual annual use, whichever is greater, is equal to or exceeds 100,000 therms, beginning with the second billing month following determination by the Company.

The monthly minimum charge will be determined by applying the rates under Rate I or Rate II (and/or air-conditioning rates, as applicable) for this Service Classification, whichever is applicable, to two-thirds of 100,000 therms divided by 365 days multiplied by the number of days (approximately 30) in the billing period.

The Customer's Annual Allocation is the Customer's estimated annual gas requirements on record with the Company.

2. Reconciliation of Minimum Charge

If a dual-fuel Customer has taken less than the minimum amount for which the Customer was charged in any month or months (shortfall months), there shall be an annual reconciliation between the minimum amount for which the Customer was subject to charges throughout the previous 12-month period and the actual quantity of service taken by the Customer under this Service Classification during that period. The reconciliation shall take place at twelve month intervals following the date the Customer is first subject to this minimum charge. If the Customer's actual consumption during the 12-month period as a whole is equal to or greater than two-thirds of 100,000 therms, the Company will refund all minimum charges paid in the shortfall months in excess of the amounts applicable to the actual quantity of service taken in those months. If the Customer's actual use during the 12-month period was less than two-thirds of 100,000 therms, the Company will refund any amounts paid in excess of the Customer's minimum charge for the year.

3. Respecification of Annual Allocation

A dual-fuel Customer will be responsible for notifying the Company of a change in its gas-burning equipment capability that could result in an increase in its Annual Allocation or annual usage to 100,000 therms or above. If the Customer's Annual Allocation is increased to 100,000 therms or above, the Customer will be subject to the monthly minimum charge beginning with the Customer's first bill for service taken entirely after the following October 31st. Absent such notification, if a Customer's actual annual use is equal to or greater than 100,000 therms in any 12-month period ending September 30, the Customer will have its Annual Allocation increased to the level of the Customer's actual consumption for that period and will be subject to the monthly minimum charge beginning with the Customer's first bill for service taken entirely after the following October 31st.

A dual-fuel Customer may reduce its Annual Allocation by demonstrating to the Company that the reduced allocation is realistic in terms of the Customer's gas-burning capability. If the Customer's Annual Allocation is reduced below 100,000 therms, the Customer will not be subject to the monthly minimum charge. If a Customer lowers its Annual Allocation to below 100,000 therms and subsequently consumes 100,000 therms or more in any annual period ending on September 30, the Customer's Annual Allocation will be increased to the amount of the Customer's actual consumption during that period and, beginning with the Customer's first bill for service taken entirely after the following October 31st, the Customer will be subject to the monthly minimum charge for at least one year.

Any Customer increasing or decreasing its Annual Allocation must permit Company representatives access to the Customer's facilities without notice for verification of the Customer's dual-fuel capability.

Air Conditioning Rate

Customers who use gas for the operation of gas air-conditioning equipment which is permanently installed will be billed for gas used during the period June 14th to October 14th as follows (per meter per month):

- (1) The total quantity of gas supplied, less the quantity of gas billed at the air-conditioning rate set forth below, will be billed at the rates under Rate I or Rate II, whichever is applicable;
- (2) The quantity of gas (if any) exceeding 12 therms, and up to a maximum of 62 therms per ton of rated capacity of the Customer's air-conditioning equipment, will be billed at the rate set forth below.

For the first	1,200 therms	18.83 cents per therm
For excess over	1,200 therms	16.11 cents per therm

When a bill includes periods during both the Air-Conditioning Billing Period (June 14th to October 14th) and the Standard Billing Period (balance of the year), the rates and charges applicable will be prorated based on the number of days in the Air-Conditioning Billing Period and the number of days in the Standard Billing Period related to the total number of days in the billing period.

Service is Not Available Under this Service Classification

- (1) Where any part of the residential dwelling or building, flat, apartment or sleeping space used by the Customer or an employee of the Customer is also used to conduct business or any activity non-residential in character and it is not metered separately and billed under another and appropriate Service Classification, provided, however, that any incidental nonresidential activities conducted by occupants of the residence that meet all the following conditions shall not preclude service from being supplied under this Service Classification:
 - (a) the non-residential activity does not change the character or outward appearance of the residence;
 - (b) the non-residential activity is performed solely by occupants of the residence; and
 - (c) the non-residential activities do not require use of more than 25 percent of the floor space of the residence and, in a multi-room residence, no more than one room is reserved for the non-residential activities.
- (2) Where any part of the premises used for religious purposes is used regularly for business purposes and it is not metered separately and billed under another and appropriate Service Classification.
- (3) For multiple-family dwellings or buildings (such as residential hotels and furnished apartments), except as set forth above, where the business of renting rooms, either with or without meals or service, is carried on, except where the gas service is rendered by the Company directly to the resident-tenant.
- (4) For multiple-family dwelling or building central refrigeration, or water heating, except as set forth above.
- (5) Where the Company's supply of gas, under this Service Classification, in or to any buildings or premises or to the owner, or to any tenant or occupant thereof, is or will be furnished otherwise than directly to such owner, tenant or occupant as a Customer of the Company, through the Company's individual meters, upon the individual application of such owner, tenant or occupant to the Company: and the Company's service will be supplied under this Service Classification only on condition that the gas service furnished to such buildings or premises or to the owner, or to any tenant or occupant thereof, is for the Customer's or its own use and will not be remetered (or submetered), resold, assigned or, except as provided under "Availability of Service", otherwise disposed of to another or others.

Rate II – Low Income Heating (per month)

Applicability:

To Low Income Customers, i.e., those Customers who are enrolled in the Company's low income program and are receiving a benefit under Supplemental Security Income, Temporary Assistance to Needy Persons, Safety Net Assistance, Medicaid or Food Stamps, or have received a Home Energy Assistance Program grant in the preceding 12 months, served under this Service Classification.

For the first	3	therms (or less)	\$18.60
For the next	87	therms	34.47 cents per therm
For the next	2,910	therms	55.36 cents per therm
For excess over	3,000	therms	42.62 cents per therm

Minimum Charge (per month)

\$18.60 for both Rates I and II exclusive of Gas Cost Factor, Monthly Rate Adjustment, Merchant Function Charge, Billing and Payment Processing Charge, System Benefits Charge, Temporary State Assessment Surcharge, Revenue Decoupling Mechanism Adjustment and increase in rates and charges, except for Customers with dual-fuel facilities that are subject to the minimum charge set forth below.

Minimum Charge Applicable to Large Dual-Fuel Customers

(1) Minimum Charge:

A dual-fuel Customer commencing service hereunder whose estimated Annual Allocation is equal to or exceeds 100,000 therms will be subject to a monthly minimum charge. In addition, a monthly minimum charge will be applied to a Customer that converts from gas only burning equipment to dual-fuel capable equipment after commencing service hereunder and whose estimated Annual Allocation or actual annual use, whichever is greater, is equal to or exceeds 100,000 therms per year, beginning with the second billing month following such determination by the Company.

The Customer's Annual Allocation is the Customer's estimated annual gas requirements on record with the Company.

Minimum Charge Applicable to Large Dual-Fuel Customers – Continued

(1) Minimum Charge – Continued

The monthly minimum charge shall be determined by applying the rates under Rate I or Rate II (and/or air-conditioning rates, as applicable) for this Service Classification, whichever is applicable, to two-thirds of 100,000 therms divided by 365 days multiplied by the number of days (approximately 30) in the billing period.

(2) Reconciliation of Minimum Charge:

If a dual-fuel Customer has taken less than the minimum amount for which the Customer was charged in any month or months (shortfall months), there shall be an annual reconciliation between the minimum amount for which the Customer was subject to charges throughout the previous 12-month period and the actual quantity of service taken by the Customer under this Service Classification during that period. The reconciliation shall take place at twelve-month intervals following the date the Customer is first subject to this minimum charge. If the Customer's actual consumption during the 12-month period as a whole is equal to or greater than two-thirds of 100,000 therms, the Company will refund all minimum charges paid in the shortfall months in excess of the amounts applicable to the actual quantity of service taken in those months.

If the Customer's actual use during the 12-month period was less than two-thirds of 100,000 therms, the Company will refund any amounts paid in excess of the Customer's minimum charge for the year.

(3) Respecification of Annual Allocation:

A dual-fuel Customer will be responsible for notifying the Company of a change in its gas burning equipment capability that could result in an increase in its Annual Allocation or annual usage to 100,000 therms or above. If the Customer's Annual Allocation is increased to 100,000 therms or above, the Customer will be subject to a monthly minimum charge beginning with the Customer's first bill for service taken entirely after the following October 31st. Absent such notification, if a Customer's actual annual use is equal to or greater than 100,000 therms in any 12-month period ending September 30, the Customer will have its Annual Allocation increased to the level of the Customer's actual consumption for that period and will be subject to the monthly minimum charge beginning with the Customer's first bill for service taken entirely after the following October 31st.

A dual-fuel Customer may reduce its Annual Allocation by demonstrating to the Company that the reduced allocation is realistic in terms of the Customer's gas-burning capability. If the Customer's Annual Allocation is reduced below 100,000 therms, the Customer will not be subject to the monthly minimum charge. If a Customer lowers its Annual Allocation to below 100,000 therms and subsequently consumes 100,000 therms or more in any annual period ending on September 30, the Customer's Annual Allocation will be increased to the amount of the Customer's actual consumption during that period and, beginning with the Customer's first bill for service taken entirely after the following October 31st, the Customer will be subject to the monthly minimum charge for at least one year.

Any Customer increasing or decreasing its Annual Allocation must permit Company representatives access to the Customer's facilities without notice for verification of the Customer's dual-fuel capability.

Air-Conditioning Rate

Customers who use gas for the operation of gas air-conditioning equipment which is permanently installed will be billed for gas used during the period June 14th to October 14th as follows (per meter per month):

- (1) The total quantity of gas supplied, less the quantity of gas billed at the air-conditioning rate set forth below, will be billed at the rates under Rate I or Rate II;
- (2) The quantity of gas (if any) exceeding 12 therms, and up to a maximum of 62 therms per ton of rated capacity of the Customer's air-conditioning equipment, will be billed at the rate set forth below.

For the first	1,200 therms.....	18.83 cents per therm
For excess over	1,200 therms.....	16.11 cents per therm

When a bill includes periods during both the Air-Conditioning Billing Period (June 14th to October 14th) and the Standard Billing Period (balance of the year), the rates and charges applicable will be prorated based on the number of days in the Air-Conditioning Billing Period and the number of days in the Standard Billing Period related to the total number of days in the billing period.

Increase in Rates and Charges:

The rates and charges under this Service Classification shall be increased by the applicable percentage shown on the "Statement of Percentage Increase in Rates and Charges" (for an explanation, see General Rule VIII "Increase in Rates Applicable in Municipality Where Service is Supplied").

Merchant Function Charge, Billing and Payment Processing Charge, System Benefits Charge, Temporary State Assessment Surcharge, and Revenue Decoupling Mechanism Adjustment:

A Firm Sales Customer taking service under this rate is also subject to the Merchant Function Charge, Billing and Payment Processing Charge, the System Benefits Charge, the Temporary State Assessment Surcharge, and a Revenue Decoupling Mechanism Adjustment as explained in General Information Section IX.

Gas Cost Factor and Monthly Rate Adjustment:

A firm sales Customer taking service under this rate is also subject to the Gas Cost Factor applicable to this Rate Schedule and the Monthly Rate Adjustment as explained in General Information Section VII.

General Information Applicable to Firm Sales Services

The following provisions apply to firm sales service provided under Service Classification Nos. 1, 2, 3, and 13, unless otherwise expressly provided.

(A) Character of Service:

Firm year-round sales service for Service Classifications Nos. 1, 2, and 3 and firm sales service during the period April 1 through October 31, inclusive, for Service Classification No. 13; natural gas (or in the case of emergency or for economy of operation, manufactured gas, or a mixture of natural gas and manufactured gas) of a Btu content per cu ft of not less than 1,000 Btu on monthly average, supplied at pressures within the limits prescribed in the Public Service Commission's Order of June 25, 1957, in Case No. 15686.

(B) Term of Service:

30 days from the date of installation of service, subject to the provisions of paragraph (L); terminable thereafter by the Customer upon 5 days' prior notice, and by the Company in accordance with law or the provisions of this Rate Schedule.

(C) Terms of Payment:

Net cash on presentation of bill, subject to a late payment charge in accordance with General Rule III 8 (L) "Payment of Bills and Charge for Late Payment".

(D) Submetering:

A Customer shall not submeter, resell or otherwise dispose of any gas supplied to the Customer under any Service Classification; except that a Customer of the Company may redistribute (provided no specific charge is made therefor) or submeter (provided gas charges do not exceed those charged by the Company for similar service) such gas to the Customer's tenants in the premises supplied when the Customer is supplied under a Service Classification which does not prohibit such redistribution or submetering and except that a Customer of the Company may submeter such gas to the Customer's non-residential tenants or occupants in the premises supplied upon a waiver of the prohibition of submetering granted by the Public Service Commission in accordance with the Order in Case 96-G-0454, issued September 19, 1997.

(G) Rate Changes - Proration of Rates and Charges:

The rates and charges shall apply to all gas service supplied on and after the effective date of the rate change. Where a bill includes periods before the effective date of the rate change and after the effective date of the rate change, the rates and charges applicable will be prorated based on the number of days of service rendered before the effective date and after the effective date related to the total number of days in the billing period.

(H) Curtailment of Gas Service:

The supply of gas service to the Company's Customers is subject to curtailment in accordance with General Rule III 14 "Gas Service Curtailments" and the Company's Sales and Transportation Operating Procedures.

(I) Heating Value Adjustment:

Volumes of gas registered at the Customer's meter in Ccf will be converted to therms as explained in General Rule III 8 (S).

(J) Customer Incentive Programs:

The Company offers various Customer incentive programs to applicants for new firm sales service that, among other things, help the applicant defray the cost of the new facilities. These programs include, but are not limited to, incentives, loans, leases, and project management services. The terms and conditions of current programs are set forth in the Company's Sales and Transportation Operating Procedures.

(K) Switching Between Sales Service and Transportation Service:

Firm sales service Customers are eligible for transportation service under Service Classification No. 9 "Transportation Service" of this Rate Schedule after taking firm sales service for a minimum of one year. A Customer who commences service under SC 1, 2 or 3 may convert to Firm Transportation Service within sixty days of commencement of service. As defined in Service Classification No. 9 of this Rate Schedule, voluntary switches of customers from transportation to firm sales service will require a Customer to remain on firm sales service for a minimum of one year.

(K) Switching Between Sales Service and Transportation Service - Continued

Upon expiration of the term under Service Classification No. 9 under a firm transportation agreement that is not renewed or extended, a Customer may apply, as a new Customer, for firm sales service under any service classification offered by the Company for which the Customer may be eligible at the time of such application. Absent the Company's acceptance of an application for such new service, the Customer shall have no right to be supplied with gas by the Company, and the Company shall have the right to lock, disconnect, and or remove any of its facilities through which the Customer could receive service.

(L) Switching Between Interruptible Service and Firm Service

If an Interruptible or Off-Peak Firm Customer voluntarily switches to Firm Sales or Firm Transportation Service or is so switched by the Company for failure to comply with the provisions of S.C. 9 or S.C. 12, that Customer will be precluded from returning to Interruptible or Off-Peak Firm Service for the remainder of the current Winter Period (November 1 – March 31) plus the next twelve succeeding months. For periods thereafter, the Customer may reapply for interruptible or off-peak firm service not less than 90 days prior to the proposed commencement date, except that the Customer may not request a commencement date that falls within the period from November 1 through March 31.

(M) Company's Sales and Transportation Operating Procedures:

All Customers taking firm sales service shall be subject to the applicable requirements set forth in the Company's Sales and Transportation Operating Procedures ("Operating Procedures"), as the same be amended, modified, or superseded from time to time. Changes to the Operating Procedures shall become effective thirty days' after providing notice of changes to the Staff of the Public Service Commission ("Commission Staff") and all Marketers and Direct Customers. Where necessary and appropriate and upon consultation with Commission Staff, the Company may implement changes on less than thirty days' notice. In the event of a conflict between the Operating Procedures and the Rate Schedule, the Rate Schedule shall govern.

A copy of the Operating Procedures is available at all Customer service centers and on the Company's Internet site. The Company shall provide a copy of the Operating Procedures to a Customer upon request.
