**Term**

The term will be specified in the Customer's Service Agreement with the Company. Upon termination of service hereunder, a Customer shall have no right to lock, disconnect, and/or remove any of its facilities through which the Customer could receive service. Nothing herein shall be deemed to preclude the Customer from applying for gas service under any Service Classification for which the Customer may be eligible at the time of such application.

**Heating Value Adjustment**

Volumes of gas in Ccf will be converted to therms as provided on General Information Leaves Nos. 73.0 - 74.0.

**Rate**

**Compressed Natural Gas - Rate I**

(Applicable to Customers who purchase Compressed Natural Gas (CNG) at compression stations owned and operated by the Company).

Rate I will be established monthly at the discretion of the Company as a single or multi-step rate. At no time shall Rate I be less than the sum of the cost of gas applicable to Firm Customers plus the sum of the compressor electric running costs and one cent per therm.

The Company may establish, each billing month, block rates for Customers using more than a minimum volume. The rate applicable to each block will be less than the rate applicable to the preceding block.

**Rate - Continued**

**Negotiated Gas Sales Contracts - Rate II**

(Applicable to Customers purchasing uncompressed natural gas for use in Fuel Filling Facilities owned or leased and operated by the Customer).

Rate II will be established for each Customer based upon negotiations between the Company and the Customer and set forth in a written agreement signed by both parties. The negotiated rate shall recover at least the sum of the cost of gas applicable to firm Customers plus the marginal cost of transmission and distribution to serve the load and one cent per therm.

**Minimum Charge per Month**

The minimum charge per month for Rate II Customers shall be \$55.00, exclusive of Increase in Rates and Charges, New York State Motor Fuel Tax, and any other taxes applicable.

**Statement of Rate Applicable to Service Classification No. 14**

Not less than three (3) business days prior to a change in the effective rates per therm of gas set forth under Rate I above, a Statement of Rate to Service Classification No. 14 will be duly filed with the Public Service Commission apart from this Rate Schedule at least once each month to become effective on the eighth billing cycle of each month. Such statement will show:

- (1) the minimum rate per therm of gas; and
- (2) the effective rate per therm of gas.

**Statement of Rate Applicable to Service Classification No. 14 - Continued**

Rate I may be revised at any time during the month as deemed appropriate by the Company. The Company will file a statement with the Public Service Commission if there is a change in Rate I on other than the eighth billing cycle of the month. The statements will be available to the public at customer service centers which applications for service may be made.

**Increase in Rates and Charges**

The rates and charges under this Service Classification are increased by the applicable percentage as explained in General Information Section VIII on Leaf No. 167.0 and shown on the related Statement. Customers shall also be charged for any Federal, State and/or Local taxes required to be collected by the Company on sales of natural gas for use in motor vehicles made under this Service Classification.

**New York State Motor Fuel Tax**

The rates charged under this Service Classification will be increased by an amount currently applicable under State law and as computed on a BTU equivalent basis on the Statement of New York State Motor Fuel Tax. Such statement will be filed with the Public Service Commission and will be available to the public at customer service centers at which applications for gas service may be made. The amount charged for gas sold to Rate II Customers will not include New York State Motor Fuel Tax.

**Terms of Payment**

Net cash on presentation of bill, subject to a late payment charge in accordance with the provisions of General Rule III 8(L).

**Special Provisions**

**Special Provisions Applicable to Sales of Compressed Gas to Rate I Customers**

- (A) For Rate I Customers gas service will be available on a first-come, first-serve basis at Company-owned and operated compressor stations only when the Company has sufficient capacity available at its compressor stations to adequately serve the Customer's requirements. The Company reserves the right to accept only such applications under this Service Classification as will, in the Company's sole judgment, permit it to sell the gas it has available for sale without requiring any extensions of or additions to its compressor stations.
- (B) The Company reserves the right to accept an application from a Rate I Customer only after it has determined that the Customer's vehicle conversion kit and/or gas cylinders meet the requirements of the authorities having jurisdiction as to safe design, construction and installation. In order to gain access to compressor stations on Company premises the Customer will be required to show Company issued identification. When on Company premises, the Customer must observe all applicable Company safety regulations.
- (C) Rate I Customers will be issued individualized Customer credit cards and the CNG will be dispensed and metered solely through the use of these credit cards. Billing will be done on a monthly basis.
- (D) For general information, including rules, regulations, terms and conditions under which gas service will be supplied, see General Information sections I through XI, inclusive.
- (E) For form of application under this Service Classification, see Leaves Nos. 205 - 209.
