

SMART WAYS TO USE LESS

78 Is Great

Set your air conditioner no lower than 78 degrees. Lower settings can increase your cooling costs by up to 40%.

Get Online, Not In Line

See and pay your bills online. Save time, paper, postage and trees. Go green with e*bill. Sign up at conEd.com/ebill.

Timing Is Everything

Open windows in the morning and evening to cross-ventilate when temperatures are cooler.

We Can Do It

Together, Americans saved about \$19 billion on their utility bills in 2008 with the help of Energy Star products and programs.

Stay Safe

If you smell gas, leave the area at once, and call **1-800-75-CONED**. Don't light matches or use any electrical device.
