

EV PIR Application Questions

Thank you for your interest in the EV Phase-in Rate.

Visit our EV Phase-in Rate website: [www.coned.com/EVphaseinrates]

For additional information on our EV Charging Programs, visit [<https://www.coned.com/en/our-energy-future/electric-vehicles/commercial-electric-vehicle-charging-station-rewards>]

Please complete this form and email it with the documentation requested to dl-evphaseinrates@coned.com. Each application can only be associated with a single utility billing account, so applicants with EV chargers on multiple meters must submit separate applications for each billing account.

1. Name/ Entity: _____

2. Phone number: _____

3. Email Address: _____

4. Con Edison Account Number: _____

(You can find your account number on your Con Edison bill or online in My Account.)

5. Site address: _____

Please enter the full address including street, city, state, and zip code.

6. Are you the Con Edison account holder at this site?:

Yes No

If you are not the Con Edison account holder at this site, please email a letter of authorization signed by the Con Edison account holder to dl-evphaseinrates@coned.com authorizing a third party to apply on their behalf. The LOA must be dated, signed and include the following information: Con Edison Account Number, Con Edison Account Holder Company, Con Edison Account Holder Name and Title within the Organization, Authorized Third Party Company Name.

7. Did you install your chargers through the PowerReady program?:

Yes No

8. If yes, please provide your PowerReady EVLD (optional): _____

(e.g., EVLD - 00XXXX - 123 Main Street / MHDP - 00XXXX)

9. Are you enrolled in SmartCharge Commercial?

Yes No

10. If yes, please provide your SmartCharge Commercial ID (optional): _____

(e.g. EVSCC - 000XXX - 123 Main Street)

EV PIR Application Questions

11. Charger Type and Count: _____

You will be required to submit specification sheets for the chargers you have on-site with your application. Please indicate the type (Level 2 and/or DCFC) and number of chargers located at the site.

12. Charger Nameplate Capacity: _____

Please indicate per charger

13. Do you have any load limiting hardware devices onsite?:

Yes No

Select yes if you have a load cell, fuse, circuit breaker, or any other device onsite that physically limits the amount of power that can be drawn at either the site-level or at the charger level.

14. If yes, what is the total output of the existing site-wide load limiting hardware? (optional): _____

15. Are the chargers on a dedicated meter?:

Yes No

16. If yes, please provide the meter number: _____

17. If no, please indicate the non-EV site load: _____

18. Please submit a load letter and the specification sheet (s) for your site via email.

Instructions: [Email us](mailto:dl-evphaseinrates@coned.com) at dl-evphaseinrates@coned.com with the subject line EV PIR App: [Applicant Name] Supplemental Materials and attach the relevant documents. For example, if you're applying as EVC Corp, the subject line should be EV PIR App: EVC Corp Supplemental Materials. In the body of the email, include the address of the site where the chargers are installed.
