

 ***EXTRA! EXTRA! Read all about it!!!*** 

Demand Response Programs Forum

Con Edison has proposed significant increases to the Demand Response Programs incentive rates. These programs pay monthly incentive payments to large electric customers who agree to temporarily reduce their electric use upon request. The greater the pledged kW, the greater the incentive. Most of our customers are enrolled through aggregators.

To learn more, we would like to invite you to attend Con Edison's annual Demand Response Programs Forum:

Friday, January 17, 2014
Con Edison
4 Irving Place, New York, NY 10003
