

REVISED UFE – December 2013

In its April 24, 2009 order, the Public Service Commission directed the Company to supply to ESCOs hourly "unaccounted-for-energy" (UFE) factors for each load zone in Con Edison's service territory and to amend its Retail Access Implementation Plan and Operating Procedure to reflect that requirement. The Company previously supplied average monthly UFE factors for each zone.

Please see the attached spreadsheet for the revised December 2013 hourly UFE Factors.

New ICAP Tags Effective 5/1/2014

New capacity (CAP) tags for the May 1, 2014 through April 30, 2015 Capability period became available on the Retail Access Information System (RAIS) on March 26, 2014.

Listed below are the RAIS files that will be updated with the new CAP tags.

- Billing History Output File
- Billing History View Screen
- Daily Account Listing File

Please keep in mind that previous capacity tags (effective through April 30, 2014) are available in files provided prior to March 26, 2014.

Revised Capacity and Energy Reconciliation Guidelines

The revised Capacity and Energy Reconciliation Guidelines will be available on Friday, April 4, 2014. This revision will include the default tag tables for the new capability period as well as note any changes to Service Class or Strata.
