

Unaccounted For Energy Factors

February 2015 & Revised December 2014

In its April 24, 2009 order, the Public Service Commission directed the Company to supply to ESCOs hourly "unaccounted-for-energy" (UFE) factors for each load zone in Con Edison's service territory and to amend its Retail Access Implementation Plan and Operating Procedure to reflect that requirement. The Company previously supplied average monthly UFE factors for each zone.

Please see the attached spreadsheets for February 2015 and revised December 2014 hourly UFE Factors.
