

## REVISED UFE – October 2015

In its April 24, 2009 order, the Public Service Commission directed the Company to supply to ESCOs hourly "unaccounted-for-energy" (UFE) factors for each load zone in Con Edison's service territory and to amend its Retail Access Implementation Plan and Operating Procedure to reflect that requirement. The Company previously supplied average monthly UFE factors for each zone.

Please see the attached spreadsheet for the revised October 2015 UFE Factors.
