

## TLS Version Update

Due to a vulnerability, TLS version 1.1 support will be disabled in EDI Prod on April 20, 2025. Please use TLS 1.2 or TLS 1.3 on/after April 20, 2025 in production.

This change will affect the connectivity for the production EDI NAESB HTTPS connections (Outgoing connections from us as well as incoming connections to URL - <https://rdxedigwp.coned.com:10443>).

This change will also be applied to the PH3 environment on 3/14 (URL - <https://rdxgwtph3.coned.com:10443>).

Please ensure your IT Department and/or your EDI Vendor are made aware of these changes.

If you have any questions, please contact [rdxsupport@coned.com](mailto:rdxsupport@coned.com).
