SmartCharge Tech Program Application

When you submit this pdf, it will not automatically collect details like name and email address unless you provide it yourself.

1. What is your role?

   ◯ SmartCharge Commercial Participant   ◯ Acting on behalf of SmartCharge Commercial Participant

2. Please enter the SmartCharge Commercial site ID _____

   (ex: EVSCC-000999).

3. Applicant's First Name _____

4. Applicant's Last Name _____

5. Email Address _____

6. Company _____

7. Site Address of EV Charging Site _____

8. Is your site enrolled (or in the process of enrolling) in SmartCharge Commercial and/or Phase-in Rate?

   ◯ Yes ◯ No

   If no, enrollment in SmartCharge Commercial and/or EV Phase-In Rate is required to apply for SmartCharge Tech. Visit our website for more information on how to enroll.

   https://www.coned.com/en/our-energy-future/electric-vehicles/commercial-electric-vehicle-charging-station-rewards

   If No is selected for #8, no further response is needed. If Yes is selected, please answer questions 9-18.

9. What is purpose for installing load management technology? Check all that apply.

   ☐ Curtain peak demand
   ☐ Shift electric load to off peak
   ☐ Electric load balancing
   ☐ Minimize infrastructure upgrades (Customer or Utility side)
   ☐ Other: _____

10. What is the total nameplate capacity of the EV charging site? _____

11. What is the maximum load demand after technology install? _____

12. What type of load management technology are you installing? Check all that apply.

☐ Hardware

☐ Software

☐ Battery Storage

13. Please list the make and model of the technology being used.

14. Please input date the technology was or will be installed. (mm/dd/yy)

Date: _____

15. Please enter project scope of load management being implemented.

- List each technology's intended use and impact on applicant's EV charging site (and entire site if multi-use)

- Indicate how each technology interact (Ex. How hardware will work with software, if multiple software platforms explain how it will be used to help load management schemes)

For Battery Storage applications indicate:

- Charging and discharging plans (on site and/or grid interaction)

- Any uses outside of EV charging

- Include metering configuration for site

16. Please indicate if the site has won any external grants and/or awards for load management technology (choose all that apply).

☐ DOE

☐ NYSERDA

☐ Other: _____

17. Please include award information (award amount and location).

18. Have you completed an engineering service determination of load management installation for your site?

◯ Yes   ◯ No

19. Have you applied to the PowerReady Program?

◯ Yes   ◯ No

20. If yes, please enter PowerReady project (EVLD – XXXX).
