

Commercial & Industrial Energy Efficiency Program

2021 Bonus Incentives: Gas Measures*

Custom Natural Gas Bonus			
Measure	Incentive Per Therm Saved	Bonus Incentive (if complete by 9/30/21)	Total Estimated Incentive
Technical Resource Manual Measures	\$2	\$1	\$3
Boiler Outside Air Reset Controls	\$2	\$1	\$3
Custom Insulation	\$4	\$1	\$5
Other Custom	\$7	\$1	\$8

Custom Natural Gas		
Measure	Current Cap	New Bonus Cap
Technical Resource Manual Measures	Up to 70% of project cost	Up to 85% of project cost
Boiler Outside Air Reset Controls		
Custom Insulation		
Other Custom		

Steam Trap Replacement				
Measure	Type	Eligibility Criteria	Current Cap	New Bonus Cap
Steam Trap Replacement	Space Heating	Low pressure systems less than 15 (psig) gage pressure	Up to 70% of project cost	Up to 85% of project cost
	Non-Space Heating Systems	Up to 3,000 (psig) gage pressure		

Pipe Insulation				
Measure	Type	Eligibility Criteria	Current Cap	New Bonus Cap
Linear Pipe Insulation	Steam and Hot Water Heating	Bare pipe with diameter up to 2"	Up to 70% of project cost	Up to 85% of project cost
	Domestic Hot Water	Bare pipe with diameter greater than 2" up to 8"
