

Commercial & Industrial Energy Efficiency Program

2023 Steam Trap & Pipe Insulation Bonus Incentives

Steam Trap

Repair and replacement of failed steam traps prevents excess steam loss helping to improve energy efficiency and lower energy bills.

Pipe Insulation

Pipe insulation reduces heat loss which helps lower energy bills and prevents condensation, corrosion, and freezing of pipes that can lead to costly repairs and maintenance.

How to Qualify & Apply for Bonus Incentives

- Submit project application by **September 15, 2023**.
- Finish installation and submit completion documentation by **October 31, 2023**.
- Schedule and pass a post-inspection by **November 30, 2023**.

Program Bonus Incentives

Measures	2023 Base Incentive	Bonus	Total	Bonus Project Cap
Steam Trap (\$/trap)	\$300	\$150	\$450	70%
Pipe Insulation <2 inches (\$/LF)	\$7	\$3	\$10	
Pipe Insulation >2 to <8 inches (\$/LF)	\$10	\$4	\$14	
Pipe Insulation >8 inches (\$/therm)	\$2.50	\$1.50	\$4	
Pipe Insulation - Custom (\$/therm)	\$2.50	\$1.50	\$4	

Important Notes:

- Bonus can be applied to any project retroactively whose installs have not yet been completed.
