Con Edison Gas Service Request # (Project Center Case #): _______________________

Dear Con Edison Customer:

Consolidated Edison Company of New York, Inc. (“Con Edison”) is pleased to inform you that as of March 1, 2019 eligible Con Edison customers in the New York City service territory who have a Service Address with 5-100 residential dwelling units, are using #4 oil as its current fuel source and both convert to a natural gas-fired heating system and install eligible high-efficiency gas-fired heating equipment, may be eligible to receive up to $75,000 in rebates. A conversion rebate of up to $50,000 ($500 per dwelling unit)\(^2\) and an additional equipment rebate of up to $25,000 through the Multi-Family Energy Efficiency Program. To be eligible for this rebate of up to $50,000, you must submit this completed application (Application for the Con Edison 2019 Gas Conversion Incentive Program (for Service Addresses with 5-100 Residential Dwelling Units)) and meet and comply with the Eligibility Requirements and Other Terms and Conditions set forth below. For more information about this oil to gas conversion program, please call 1-800-643-1289 (press #1). Converting customers, who install eligible equipment, may also participate in the Multi-Family Energy Efficiency Program. Visit www.coned.com/multifamily for further details on that incentive program.

\(^1\) Properties with less than five residential dwelling units are not eligible to participate in this program.

\(^2\) This conversion rebate offer is limited, based on available funding, to the customers, who meet all the eligibility requirements and comply with all of the terms and conditions for the rebate (see pages 2-4).
ELIGIBILITY REQUIREMENTS AND OTHER TERMS AND CONDITIONS

1. You must be an existing Con Edison gas customer within our New York City service territory (other than a gas heating customer) for at least one year prior to participation in this Con Edison 2019 Gas Conversion Incentive Program (for Service Addresses with 5-100 Residential Dwelling Units), whose building uses #4 oil as its current fuel source for space heating and has used it for the past twelve months.

2. #4 oil must be the only heating fuel currently used at the Service Address.

3. The only eligible equipment for this program is a new gas-fired boiler, which meets a minimum efficiency of 82% for steam boilers, a minimum efficiency of 87% for hot water boilers or a minimum efficiency of 92% for condensing hot water boilers.

   a. If you are planning to install operable dual-fuel equipment or have the capacity to substitute another energy source for the output of the gas-burning equipment, you are not eligible for a rebate hereunder (e.g., conversion kits, gun replacement, burner replacement).

4. Con Edison must be in receipt of the following documentation by May 17, 2019:

   a. A copy of a completed and customer-signed Application for the Con Edison 2019 Gas Conversion Incentive Program (for Service Addresses with 5-100 Residential Dwelling Units), found at conEd.com/gasconversions.

   b. A copy of the customer-signed contractor’s proposal for the installation of qualifying high-efficiency gas-fired heating equipment.

   c. A Gas Service Request received on or after January 1, 2019 by Con Edison online at conEd.com/es (click Project Center).

      • Customers with prior gas service request history that previously passed Con Edison’s Interim Inspection and/or has been in Con Edison’s construction queue between January 1, 2018 and December 31, 2018 will not be eligible for this rebate.

   d. The Contractor performing the oil to gas conversion for the building must be an approved Market Partner of Con Edison’s Multi-Family Energy Efficiency Program. A complete list of Market Partners can be found at www.coned.com/multifamily.

      • A copy of the Con Edison Multi-Family Energy Efficiency Program application can be found at www.coned.com/multifamily.

We suggest that the application and contractor’s proposal, referenced in 4. a & b above, be sent to Con Edison Project Management and Customer Programs by e-mail (gasconversions@coned.com) and must be received by May 17, 2019.

Customers can mail applications to the address below, however, these application must also be received by Con Edison Project Management and Customer Programs by May 17, 2019. Please note, Con Edison shall not be responsible for lost, late, illegible, or misdirected mail, and any required documents received after the deadline will not be considered. Therefore, we encourage you to confirm that we have received the required documents by emailing (gasconversions@coned.com) or calling us at 1-800-643-1289 (press #1) and request an email confirmation from us that we have received all required documents.
5. Eligible equipment must be installed, and Con Edison must be in receipt of the following on or before **September 27, 2019**. In the event Con Edison must install a new gas service you must submit the following within 180 days of receiving your Construction Complete Letter.

   a. A completed **2019 Gas Conversion Incentive Program Equipment Affidavit** (found on page 5 of this document).

   b. A request for a Con Edison Final Inspection, requiring but not limited to:

      • A completed Con Edison Final Gas Checklist along with other required documentation for Con Edison to proceed with and complete its work in providing gas to the customer. The completed Final Gas Checklist, along with other required documentation, must be emailed to OTG@coned.com with the associated gas service request number (MC-XXXXXX) or uploaded through Project Center to the case associated with the applicable gas service request number. In order to confirm our receipt, a copy of the completed Final Gas Checklist must be emailed to us as well at gasconversions@coned.com.

   c. Customers with New York City Department of Buildings related issues may be granted an extension of the required Final Inspection request and Final Gas Checklist submission date until **October 11, 2019**. However, this extension request must be submitted, via email, to gasconversions@coned.com and received by Con Edison prior to **September 27, 2019**. Approval of such request will be at Con Edison’s sole discretion. No further extensions will be granted. Requests submitted after **September 27, 2019** will not be considered. Final Gas Checklists submitted after **September 27, 2019** or, if granted, after the extended deadline of **October 11, 2019**, will deem you ineligible for the conversion rebate. To confirm that your emailed request for an extension has been received, call **1-800-643-1289 (press #1)**.

6. Eligible gas-fired equipment must be installed by a contractor licensed in New York State, who is an approved Market Partner of Con Edison’s Multi-Family Energy Efficiency Program. For a list of approved Market Partners, please visit www.coned.com/multifamily. All work to be performed by or on behalf of a customer applying for the rebates must be in compliance with all applicable federal, state and local laws, rules and regulations (including laws requiring the employment of licensed persons to perform such work) and all Con Edison requirements for gas service. You shall provide Con Edison, on a timely basis, with copies of all required governmental filings, permits, certificates of inspection and any other required documentation from the authorities having jurisdiction.

7. Eligible gas-fired heating equipment shall be installed at the Service Address by a Market Partner at customer’s cost. Such equipment shall adequately meet all space-heating requirements for the Service Address and comply with all applicable laws and regulations related to its oil-to-gas conversion.

8. Con Edison will conduct a final inspection after all work has been completed and all necessary documentation has been received. If it is determined that you are eligible for the gas conversion rebate, the rebate will be paid directly to customer.

9. You must be in good credit standing on all of your currently existing Con Edison accounts.
10. If you are a business entity, you must provide a federal Employer Identification Number in the space provided on this application and submit to us (by email is preferred) a completed and signed IRS W-9 Form. For individuals applying for this rebate, please note that while we are not requesting your individual Social Security number at this time, we may require that you provide it to us, prior to rebate issuance. You shall be responsible for all taxes that may be imposed with respect to the rebate. You may want to consult a tax adviser about any tax consequences of this offer.

a. You may be required to provide proof of authorization to submit an application on behalf of a business entity on company letterhead.

11. Prior to issuance of the rebate, Con Edison or a Con Edison designated representative may perform an additional inspection to ensure that the installation of the high-efficiency equipment meets the eligibility requirements and terms and conditions of this program.

12. You will be eligible for the gas conversion rebate when, at Con Edison’s sole discretion, you have complied with the requirements and terms and conditions hereof, you have contracted with a Market Partner for installation of gas-fired heating equipment, and you have met all legal and Con Edison requirements for gas heating equipment installation, as such requirements may be amended from time to time. You agree to reimburse Con Edison in an amount equal to the rebates received if the gas-fired heating equipment is not installed in accordance with all applicable federal, state and local laws, rules and regulations and Con Edison requirements for gas installation.

We thank you in advance for your participation in our gas conversion incentive program.

Very truly yours,

CONSOLIDATED EDISON COMPANY OF NEW YORK, INC.
