

# Small Business & Nonprofit Program

Do you own or manage a grocery or food store? Save money on energy efficiency upgrades with Con Edison incentives!

Learn how Foodtown saves more than \$69K annually with energy efficient upgrades.

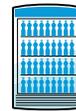

Save money while creating a more comfortable environment for customers with aisles that are bright, cool, and inviting.

Con Edison will cover up to 70% of the cost for upgrading your refrigeration, HVAC system, and more. Plus, if your store is located in an [eligible Queens neighborhood](#), you could qualify for bonus incentives—covering up to 100% of eligible upgrades. We also offer [financing support](#) to make improvements even more accessible.

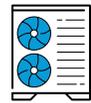

## You'll Be Able To:

- Save on upfront costs & reduce your energy use
- Improve comfort and the experience for your shoppers
- Show your customers you're committed to sustainability
- Stay in compliance with NYC Local Laws

## Incentives Available For:

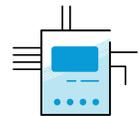

Refrigeration

Heating, Cooling, Ventilation (HVAC)

Hot Water System

Energy Management System

Building Envelope

Heat Pump

For more information, visit [conEd.com/SmallBiz](https://conEd.com/SmallBiz), or email [SmallBiz@conEd.com](mailto:SmallBiz@conEd.com)

## How It Works

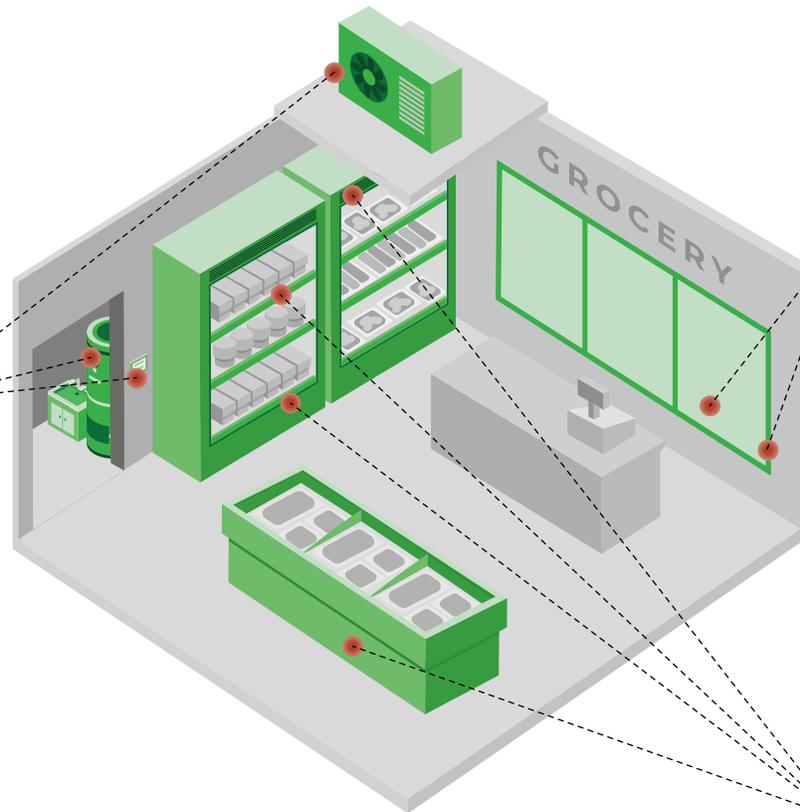

1. **Select a Participating Contractor from our list** to install the upgrades you are interested in, or have yours apply to participate.
2. **The contractor visits your facility**, provides a quote for the work, and an estimate of how much Con Edison will cover. You decide if and when the work gets done.
3. **The contractor completes the application and performs the work.** Con Edison pays up to 70% of the cost directly to the contractor and you pay the difference. No waiting for rebates.

## How We Can Help Make Your Store More Efficient
