

## Small Business & Nonprofit Program

Do you own or manage a hotel or motel? Save money on energy efficiency upgrades with Con Edison incentives!

Learn how the royalton Hotel saves \$340k annually with energy-efficient upgrades.

Save money while maximizing guest comfort at your hotel or motel by making energy efficient upgrades to your building systems.

Con Edison will cover up to 70% of the cost of upgrading your building envelope, HVAC system, and more. Plus, if your hotel or motel is located in an [eligible Queens neighborhood](#), you could qualify for bonus incentives—covering up to 100% of eligible upgrades. We also offer [financing support](#) to make improvements even more accessible.

### You'll Be Able To:

- Save on upfront installation costs & reduce your energy use
- Be the eco-conscious hotel your guests want to return to
- Improve comfort for your guests and staff
- Stay in compliance with NYC Local Laws

### Incentives Available For:

Refrigeration

Heating, Cooling, Ventilation (HVAC)

Hot Water System

Energy Management System

Building Envelope

Heat Pump

For more information, visit [conEd.com/SmallBiz](https://conEd.com/SmallBiz), or email [SmallBiz@conEd.com](mailto:SmallBiz@conEd.com)

## How It Works

1. **Select a Participating Contractor from our list** to install the upgrades you are interested in, or have yours apply to participate.
2. **The contractor visits your facility**, provides a quote for the work, and an estimate of how much Con Edison will cover. You decide if and when the work gets done.
3. **The contractor completes the application and performs the work.** Con Edison pays up to 70% of the cost directly to the contractor and you pay the difference. No waiting for rebates.
