

# Neighborhood Program FAQ

## Q: What is the Neighborhood Program?

**A:** It's an easy way for residents and business owners in select neighborhoods of Brooklyn and Queens to use less energy and save on their electric bills.

Nearly +8,800 local businesses and +42,000 residential customers in the area are already participating. If you're in the neighborhood, you can participate today!

## Q: Why is Con Edison offering this program?

**A:** These neighborhoods are seeing a huge increase in demand for electricity. Instead of building costly new infrastructure to meet this demand, Con Edison is helping customers in these areas to use less energy so we can keep everyone's service more reliable.

## Q: Who is eligible?

**A:** The Neighborhood Program is open to residents and business owners in qualifying parts of:

### Brooklyn

Greenpoint, East Williamsburg, Bushwick, Bedford-Stuyvesant, Crown Heights, East Flatbush, Brownsville, East New York, Cypress Hills, Williamsburg, Prospect Park, Clinton Hill, Park Slope, South Slope, Fort Greene and parts of Prospect Heights.

### Queens

Richmond Hill, Howard Beach, Broad Channel, Ozone Park, South Ozone Park, Woodhaven, Kew Gardens, Park, Glendale, Long Island City, Maspeth, Middle Village, Ridgewood, Sunnyside, Elmhurst, Forest Hills, Rego Park, and Woodside

Check our map at [conEd.com/neighborhood](https://conEd.com/neighborhood) for the boundaries.

## Q: Who can participate?

### A: Customers Include:

- ❖ Residents in 1-4 family homes ([Link](#))
- ❖ Apartment building owners (5+ units) and their tenants ([Link](#))
- ❖ Small-business owners ([Link](#))
- ❖ Commercial and industrial customers ([Link](#))

## Q: How does the program work?

**A:** Con Edison-approved contractors will visit your home and/or business and install any upgrades you agree to. It generally takes less than an hour to perform the work in homes.
