## Your electricity charges

These charges are for the electricity you used (supply) and getting that electricity to you (delivery). Rates are based on a 30 day period. When your billing period is more or less than 30 days, we prorate your bill accordingly.

Electricity you used during this 29 day billing period from Oct 20, 2016 to Nov 18, 2016	
Rate: EL1 Residential or Religious	Meter# 9385467
We measure your electricity by how many kilowatt hours (kWh) you use. One kWh will light a 100 watt bulb for 10 hours. The meter multiplier is the factor by which the meter reading difference is multiplied to determine your usage.	
Nov 18, 16 actual reading	637
Oct 20, 16 actual reading	-637
