Common Provisions Applicable to Rate I and Rate II

Adjustments

The charges set forth herein will be subject to the Adjustment Factor - MSC, Adjustment Factor - MAC, and other charges and adjustments, as applicable, as described in General Information Sections VII and VIII-(B).

Increase in Rates and Charges

The rates and charges under this Service Classification, including the Customer charge and Adjustments described above, are increased by the applicable percentage as explained in General Information Section VIII-(A) and shown on the related Statement.

Terms of Payment

Net cash on presentation of bill.

Term

30 days from the date of installation of service hereunder; terminable thereafter by the Customer upon 5 days' prior notice, and by the Company in accordance with law or the provisions of this Rate Schedule. A Customer who elects to discontinue being billed under Rate II will be ineligible for voluntary time-of-day billing for a period of one and one-half years from the date the Customer elects to discontinue billing under Rate II.

Customer Meter Reading

A residential Customer billed on these rates may read the meter on June 1 and September 30 and provide the reading to the Company for the preparation of an actual, rather than a prorated bill. The Customer's reading must be received by the Company not later than the next scheduled meter reading date as shown on the bill.

Special Provisions

(A) Electricity will be supplied under this Service Classification, and it is available: To any single-family dwelling or building or to any individual flat or apartment in a multiple-family dwelling or building or portion thereof occupied as the home, residence or sleeping place of the Customer or an employee of the Customer including also the following:

- (1) Electric service used for portions of, or equipment in, a two or three-family dwelling or building enjoyed in common by all the residents thereof (for example, halls, stairs, cellar, oil burner, and similar conveniences), when the wiring is arranged for supply of service through a single meter of one of the flats or apartments, provided, however, that on or after October 24, 1991, or at the expiration of a lease or rental agreement for the flat or apartment entered into on or before October 24, 1991, whichever is later, service will be supplied under this Service Classification only when the wiring is arranged for the supply of service through the owner's flat or apartment in the building or dwelling.
- (2) Electric service used for structures or equipment accessory to a one, two or three-family dwelling or building (for example, a private garage, guest or service house, outdoor lighting or equipment, and similar improvements), when the accessory structures are located on the same premises as such dwelling or building, and the wiring is arranged for supply of service through a single meter of the dwelling or one of the flats or apartments, provided, however, that where a shared meter condition exists on or after October 24, 1991, or at the expiration of a lease or rental agreement for the dwelling, flat or apartment entered into on or before October 24, 1991, whichever is later, service will be supplied under this Service Classification only when the wiring is arranged for the supply of service through the owner's flat or apartment in the building or dwelling or the owner is the occupant and Customer of record for the one-family dwelling or building.
- (3) Electric service used for furnished rooms rented by the Customer or table board supplied to occupants thereof, when such renting or board is incidental to the residential occupancy by the Customer of a dwelling, flat or apartment and the number of rooms rented or offered for rent does not exceed one-half of the number of rooms in the dwelling, flat or apartment and the number of boarders, roomers or lodgers does not exceed four.

To any corporation or association organized and conducted in good faith for religious purposes, where such electric service is utilized exclusively in connection with such religious purposes.

Beginning August 1, 1985, to a community residence that is a supportive living facility, as defined in subsections twenty-eight and twenty-eight-b of section 1.03 of the Mental Hygiene Law, provided, however, that such facility is operated by a not-for-profit corporation and does not provide staff on a twenty-four hour per day basis.

(A) - Continued

Beginning July 6, 1993, to a community residence that is a supervised living facility, as defined in subsections twenty-eight and twenty-eight-a of section 1.03 of the Mental Hygiene Law, provided that such residence is operated by a not-for-profit corporation, has supervisory staff on site on a twenty-four hour per day basis, and the residence provides living accommodations for fourteen or fewer residents. Eligible Customers that apply for the rate by July 6, 1994, will be rebilled at the rates set forth under this Service Classification for service supplied on and after July 6, 1993.

Beginning June 2, 1998, to any post or hall owned or leased by a not-for-profit corporation that is a veterans' organization, where such electric service is utilized exclusively in connection with such veterans' organization. Eligible Customers that apply for the rate by June 2, 1999 will be rebilled at the rates set forth under this Service Classification for service supplied on and after June 2, 1998.

(B) Electricity will not be supplied under this Service Classification, and it is not available for residential premises and uses or community residences and uses:

- (1) Except as defined under Special Provision (A) above.
- (2) Where any part of a building, house, flat or apartment, occupied as a home, residence or sleeping place by the Customer or an employee of the Customer, other than as provided under Special Provision (A) above, is also used for the conduct of business or any activity non-residential in character, unless the wiring is separate and the part devoted to such non-residential purposes is metered separately and billed under another and appropriate Service Classification, provided however, that on and after July 1, 1992, incidental non-residential activities conducted by occupants of the residence that meet all the following conditions shall not preclude service from being supplied under this Service Classification:
 - (a) the non-residential activity does not change the character or outward appearance of the residence;
 - (b) the non-residential activity is performed solely by occupants of the residence; and
 - (c) the non-residential activities do not require use of more than 25 percent of the floor space of the residence and, in a multi-room residence, no more than one room is reserved for the non-residential activities.
- (3) For multiple-family dwellings or buildings (such as residential hotels and furnished apartments), other than as provided under Special Provision (A) above, where the business of renting rooms, either with or without meals or service, is carried on, except where the electric service is rendered by the Company directly to the resident-tenant.
- (4) For multiple-family dwelling or building hall lighting, pumping, central refrigeration, water-heating or elevator operation, other than as provided under Special Provision (A) above.

Special Provisions - Continued

(C) Electricity will not be supplied under this Service Classification, and it is not available for religious purposes and uses or community residences and uses:

(1) Except as defined under Special Provision (A) above.

(2) Where any part of the premises used for such religious purposes is used regularly for business purposes, any activity operated for profit, or for purposes other than such religious purposes, as defined, unless the wiring is separate and the part used for non-religious purposes is metered separately and billed under another and appropriate Service Classification.

(D) Electricity will not be supplied under this Service Classification, and it is not available for either residential premises and uses, religious purposes and uses, or veterans organizations' premises and uses, or community residences and uses:

Where the Company's service and supply of electric energy, under this Service Classification, in or to any buildings or premises or to the owner, or to any tenant or occupant thereof, is or will be furnished otherwise than directly to such owner, tenant or occupant as a Customer of the Company, through the Company's individual meters, upon the individual application of such owner, tenant or occupant to the Company; and the Company's service will be supplied under this Service Classification only on condition that electric service furnished to such buildings or premises or to the owner, or to any tenant or occupant thereof, is for his, her or its own use and will not be remetered (or submetered), resold, assigned or, except as provided under Special Provision (A) above, otherwise disposed of to another or others.

(E) Where the service furnished under Rate I of this Service Classification is used by a Customer for the operation of electric water heating equipment which is permanently installed and exclusively supplies all parts of the premises which the Customer elects to supply with water heating and no other water heating equipment is connected or available for use in any part of the premises, the applicable energy charges are those shown under "Water Heating" in Rate I of this Service Classification. This provision does not apply to Customers taking service under Rider H.

- (F) Where the service furnished under Rate I of this Service Classification is used by a Customer for the operation of electric water heating equipment which is installed in combination with *bona-fide* solar energy collectors and exclusively supplies all parts of the premises which the Customer elects to supply with water heating, and no other water heating equipment is connected or available for use in any part of the premises the applicable energy charges are those shown under "Water Heating" in Rate I of this Service Classification. This provision does not apply to Customers taking service under Rider H.

Service is provided under Rate I and Rate II under the following conditions:

- (1) No more than 50 Customers will be accepted;
- (2) The Company may install on a Customer's premises any equipment reasonably needed to measure solar energy use, to collect and obtain any other data reasonably necessary to determine operating characteristics of such installation served under this Service Classification; and
- (3) The Company will provide a rate for solar assisted water heating Customers taking service under this Service Classification at least until December 31, 1981. The form and level of the rates and charges, definition of the billing periods and the terms and conditions of service may vary from those initially offered.

Special Provisions - Continued

(G) Where a Customer's account under Rate II is metered with multiple meters and where the registration of some of the meters is not on a time-of-day basis, the registrations of such meters will be billed on the time-of-day characteristics indicated by the time-of-day meter. If the conjunctionally or plurally-metered Customer so elects, however, the electricity supplied through the non-time-of-day meters will be billed as one separate account under the appropriate rate.

(H) Where a Customer is served by direct-current service, the Customer will be billed for charges for direct-current service, in addition to the rates stated under Rates I and II and Rider D, if applicable, as follows:

Customer Charge per month

For the period April 1, 1998 through March 31, 1999.....	\$ 2.50
For the period April 1, 1999 through March 31, 2000.....	\$ 5.00
For the period April 1, 2000 through March 31, 2001.....	\$ 7.50
For the period beginning April 1, 2001.....	\$ 10.00

Distribution Charge per kilowatthour of direct-current service per month

For the period April 1, 1998 through March 31, 1999.....	3.0 cents
For the period April 1, 1999 through March 31, 2000.....	6.0 cents
For the period April 1, 2000 through March 31, 2001.....	9.0 cents
For the period beginning April 1, 2001.....	11.0 cents

(I) Rates and charges stated without reference to a specific month shall apply to all electric service supplied hereunder on and after the effective date hereof. Where a bill includes periods before the effective date and after the effective date, the rates and charges applicable will be prorated based on the number of days of service rendered before the effective date and on and after the effective date related to the total number of days in the billing period.

Rates and charges referable to a specific month ("month-specific rates and charges") shall apply to all electric service supplied hereunder after the last day of the preceding month and through the last day of the named month. Where a bill includes periods before and after the first calendar day of a month, the month-specific rates and charges applicable will be prorated based on the number of days of service rendered before the first day of the month and on and after the first calendar day of the month related to the total number of days in the billing period.

(J) The following Riders may be applied to this Service Classification: A, B, C, D, F, H, R, and T. Rider R applies to residential premises only. Rider B does not apply to residential premises.
