Aetna Medicare is a Medicare Advantage organization with a Medicare contract. Enrollment in Aetna Medicare depends on contract renewal.

The benefit information provided is a brief summary, not a complete description of benefits. For more information, contact the plan. Limitations, copayments, and restrictions may apply. Benefits, formulary, pharmacy network, provider network, premium, and/or copayments/coinsurance may change on January 1 of each year.

Plans are offered by Aetna Health Inc., Aetna Health of California Inc., and/or Aetna Life Insurance Company (Aetna). Not all health services are covered. See Evidence of Coverage for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location.

You must be entitled to Medicare Part A and continue to pay your Part B premium and Part A, if applicable.

This material is for informational purposes only and is not medical advice. Not all health services are covered. Health information programs provide general health information and are not a substitute for diagnosis or treatment by a physician or other health care professional. Contact a health care professional with any questions or concerns about specific health care needs. See your Evidence of Coverage for a complete description of benefits, exclusions, limitations, and conditions of coverage. Plan features and availability may vary by location and are subject to change. Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna's preferred drug list. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Pharmacy participation is subject to change.

Participating physicians, hospitals and other health care providers are independent contractors and are neither agents nor employees of Aetna. Aetna is not a provider of health care services and, therefore, cannot guarantee any results or outcomes. Provider participation may change without notice. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change. For more information about Aetna plans, go to www.aetna.com.

In case of emergency, you should call 911 or the local emergency hotline. Or you should go directly to an emergency care facility.

The following is a partial list of what isn't covered or limits to coverage under this plan:

- Services not performed by your Aetna Medicare network doctor, except in an emergency or urgent situation
- Services that are not medically necessary unless the service is covered by Original Medicare or otherwise noted in your Evidence of Coverage
- Plastic or cosmetic surgery unless it is covered by Original Medicare
- Custodial care
- Experimental procedures or treatments that Original Medicare doesn't cover
- Outpatient prescription drugs unless covered under Original Medicare Part B

Benefits and Premiums are effective January 1, 2017 through
December 31, 2017

You must use in-network providers except for emergency care, an urgent situation or renal dialysis needed outside the service area. If you receive care from out-of-network providers, the plan will not pay and Medicare will not pay. If your primary care doctor is part of an integrated delivery system or physician group, he or she will usually refer patients to specialists and hospitals that are part of the same group.

*Your plan sponsor or former employer provides additional coverage during the coverage gap phase for covered brand name drugs. This means that you will generally continue to pay the same amount for covered brand name drugs throughout the coverage gap phase of the plan as you paid in the initial coverage phase.

Coinsurance is applied against the overall cost of the drug, before any discounts or benefits are applied.

Aetna's retiree pharmacy coverage is an enhanced Part D Employer Group Waiver Plan that is offering as a single integrated product. The enhanced Part D plan consists of two components: basic Medicare Part D benefits and supplemental benefits. Basic Medicare Part D benefits are offered by Aetna based on our contract with CMS. We receive monthly payments from CMS to pay for basic Part D benefits. Supplemental benefits are non-Medicare benefits that provide enhanced coverage beyond basic Part D. Supplemental benefits are paid for by plan sponsors or members and may include benefits for non-Part D drugs. Aetna reports claim information to CMS according to the source of applicable payment (Medicare Part D, plan sponsor or member).

There are three general rules about drugs that Medicare drug plans will not cover under Part D. This plan cannot:

- Cover a drug that would be covered under Medicare Part A or Part B.
- Cover a drug purchased outside the United States and its territories.
- Generally cover drugs prescribed for "off label" use, (any use of the drug other than indicated on a drug's label as approved by the Food and Drug Administration) unless supported by criteria included in certain reference books like the American Hospital Formulary Service Drug Information, the DRUGDEX Information System and the USPDI or its successor.

Additionally, by law, the following categories of drugs are not normally covered by a Medicare prescription drug plan unless we offer enhanced drug coverage for which additional premium may be charged. These drugs are not considered Part D drugs and may be referred to as "exclusions" or "non-Part D drugs". These drugs include:

- Drugs used for the treatment of weight loss, weight gain or anorexia
- Drugs used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Outpatient drugs that the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale
- Drugs used to promote fertility
- Drugs used to relieve the symptoms of cough and colds
- Non-prescription drugs, also called over-the-counter (OTC) drugs
- Drugs when used for the treatment of sexual or erectile dysfunction

Aetna receives rebates from drug manufacturers that may be considered when determining our preferred drug list. Rebates do not reduce the amount you pay the pharmacy for covered prescriptions. Pharmacy participation is subject to change.

You must use network pharmacies to receive plan benefits except in limited, non-routine circumstances when a network pharmacy is not available. If you become ill while traveling in the United States, but are outside of your plan's service area, you may need to use an out-of-network pharmacy. An additional cost may be charged for drugs received at an out-of-network pharmacy. Quantity limits and restrictions may apply.
