<b>Hearing Aid Reimbursement</b>	\$500 once every 36 months
<b>Resources for Living</b>	Covered
For help locating resources for every day needs	
<b>Dental ***</b>	Preventive
<b>PHARMACY - PRESCRIPTION DRUG BENEFITS</b>	
<b>Calendar-year deductible for prescription drugs</b>	\$0
Prescription drug calendar year deductible must be satisfied before any Medicare Prescription Drug benefits are paid. Covered Medicare Prescription Drug expenses will accumulate toward the pharmacy deductible.	
<b>Pharmacy Network</b>	S2
Your Medicare Part D plan is associated with pharmacies in the above network. To find a network pharmacy, you can visit our website ( <a href="http://www.aetnaretireplans.com">http://www.aetnaretireplans.com</a> ).	
<b>Formulary (Drug List)</b>	GRP B2
Your cost for generic drugs is usually lower than your cost for brand drugs. However, Aetna in some instances combines higher cost generic drugs on brand tiers.	
<b>Initial Coverage Limit (ICL)</b>	\$3,750

The Initial Coverage Limit includes the plan deductible, if applicable. This is your cost sharing until covered Medicare prescription drug expenses reach the Initial Coverage Limit (and after the deductible is satisfied, if your plan has a deductible):

<b>3 Tier Plan</b>	<b>Retail cost-sharing up to a 30-day supply</b>	<b>Retail cost-sharing up to a 90-day supply</b>	<b>Preferred mail order cost-sharing up to a 90-day supply</b>
<b>Tier 1 - Generic</b> Generic Drugs	\$10	\$20	\$20
<b>Tier 2 - Preferred Brand</b> Includes some high-cost generic and preferred brand drugs	\$10	\$20	\$20
<b>Tier 3 - Non-Preferred Drug</b> Includes some high-cost generic and non-preferred brand drugs	\$10	\$20	\$20

**Coverage Gap†**

The Coverage Gap starts once covered Medicare prescription drug expenses have reached the Initial Coverage limit. Here’s your cost-sharing for covered Part D drugs between the Initial Coverage limit until you reach \$5,000 in prescription drug expenses:

Your former employer/union/trust provides additional coverage during the Coverage Gap stage for covered drugs. This means that you will generally continue to pay the same amount for covered drugs throughout the Coverage Gap stage of the plan as you paid in the Initial Coverage stage.

Coinsurance-based cost-sharing is applied against the overall cost of the drug, prior to the application of any discounts or benefits.

**Catastrophic Coverage**

either - coinsurance of 5% of the cost of the drug -or - \$3.35 for a generic drug or a drug that is treated like a generic and \$8.35 for all other drugs.

Catastrophic Coverage benefits start once \$5,000 in true out-of-pocket costs is incurred.

**Requirements:**

**Precertification** Applies

**Step-Therapy** Applies

**Non-Part D Drug Rider**

- Not Covered

\* Additional Medicare preventive services include:

- Ultrasound screening for abdominal aortic aneurysm (AAA)
- Cardiovascular disease screening
- Diabetes screening tests and diabetes self-management training (DSMT)
- Medical nutrition therapy
- Glaucoma screening
- Screening and behavioral counseling to quit smoking and tobacco use
- Screening and behavioral counseling for alcohol misuse

- Adult depression screening
- Behavioral counseling for and screening to prevent sexually transmitted infections
- Behavioral therapy for obesity
- Behavioral therapy for cardiovascular disease
- Behavioral therapy for HIV screening
- Hepatitis C screening
- Lung cancer screening

**\*\*A benefit period begins the day you go into a hospital or skilled nursing facility. The benefit period ends when you haven't received any inpatient hospital care (or skilled care in a SNF) for 60 days in a row. If you go into a hospital or a skilled nursing facility after one benefit period has ended, a new benefit period begins. There is no limit to the number of benefit periods.**

**\*\*\*Not all HMO Plans are available in all areas**

**You must use network pharmacies to receive plan benefits except in limited, non-routine circumstances as defined in the EOC. In these situations, you are limited to a 30 day supply. To find a network pharmacy, you can visit our website (<http://www.aetnaretireeplans.com>). Quantity limits and restrictions may apply.**

**The formulary, pharmacy network and/or provider network may change at any time. You will receive notice when necessary.**

**If you reside in a long-term care facility, your cost share is the same as at a retail pharmacy and you may receive up to a 31 day supply.**

Members who get "extra help" don't need to fill prescriptions at preferred network pharmacies to get Low Income Subsidy (LIS) copays.

Specialty pharmacies fill high-cost specialty drugs that require special handling. Although specialty pharmacies may deliver covered medicines through the mail, they are not considered "mail-order pharmacies." So, most specialty drugs are not available at the mail-order cost share.

You must continue to pay your Part B premium.

See Evidence of Coverage for a complete description of plan benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by service area.

For mail-order, you can get prescription drugs shipped to your home through the network mail-order delivery program. Typically, mail-order drugs arrive within 7-10 days. You can call 1-888-792-3862, (TTY users should call 711) 24 hours a day, seven days a week, if you do not receive your mail-order drugs within this timeframe. Members may have the option to sign-up for automated mail-order delivery.

Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna's preferred drug list. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions. Pharmacy participation is subject to change.

Participating physicians, hospitals and other health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change.

In case of emergency, you should call 911 or the local emergency hotline. Or you should go directly to an emergency care facility.

The following is a partial list of what isn't covered or limits to coverage under this plan:

- Services not performed by your Aetna Medicare network doctor, except in an emergency or urgent situation
- Services that are not medically necessary unless the service is covered by Original Medicare or otherwise noted in your Evidence of Coverage
- Plastic or cosmetic surgery unless it is covered by Original Medicare
- Custodial care
- Experimental procedures or treatments that Original Medicare doesn't cover
- Outpatient prescription drugs unless covered under Original Medicare Part B

You must use in-network providers except for emergency care, an urgent situation or renal dialysis needed outside the service area. If you receive care from out-of-network providers, the plan will not pay and Medicare will not pay. If your primary care doctor is part of an integrated delivery system or physician group, he or she will usually refer patients to specialists and hospitals that are part of the same group.

†Your former employer/union/trust provides additional coverage during the Coverage Gap stage for covered drugs. This means that you will generally continue to pay the same amount for covered drugs throughout the Coverage Gap stage of the plan as you paid in the Initial Coverage stage. Coinsurance-based cost-sharing is applied against the overall cost of the drug, prior to the application of any discounts or benefits.

Coinsurance is applied against the overall cost of the drug, before any discounts or benefits are applied.

Aetna's retiree pharmacy coverage is an enhanced Part D Employer Group Waiver Plan that is offered as a single integrated product. The enhanced Part D plan consists of two components: basic Medicare Part D benefits and supplemental benefits. Basic Medicare Part D benefits are offered by Aetna based on our contract with CMS. We receive monthly payments from CMS to pay for basic Part D benefits. Supplemental benefits are non-Medicare benefits that provide enhanced coverage beyond basic Part D. Supplemental benefits are paid for by plan sponsors or members and may include benefits for non-Part D drugs. Aetna reports claim information to CMS according to the source of applicable payment (Medicare Part D, plan sponsor or member).

There are three general rules about drugs that Medicare drug plans will not cover under Part D. This plan cannot:

- Cover a drug that would be covered under Medicare Part A or Part B.
- Cover a drug purchased outside the United States and its territories.
- Generally cover drugs prescribed for "off label" use, (any use of the drug other than indicated on a drug's label as approved by the Food and Drug Administration) unless supported by criteria included in certain reference books like the American Hospital Formulary Service Drug Information, the DRUGDEX Information System and the USPDI or its successor.

CONSOLIDATED EDISON COMPANY OF NEW YORK

Aetna Medicare<sup>SM</sup> Plan (HMO)

Medicare (P02) HMO

Custom Rx \$10/\$10/\$10

Additionally, by law, the following categories of drugs are not normally covered by a Medicare prescription drug plan unless we offer enhanced drug coverage for which additional premium may be charged. These drugs are not considered Part D drugs and may be referred to as “exclusions” or “non-Part D drugs”. These drugs include:

- Drugs used for the treatment of weight loss, weight gain or anorexia
- Drugs used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Outpatient drugs that the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale
- Drugs used to promote fertility
- Drugs used to relieve the symptoms of cough and colds
- Non-prescription drugs, also called over-the-counter (OTC) drugs
- Drugs when used for the treatment of sexual or erectile dysfunction

Information is believed to be accurate as of the production date; however, it is subject to change. For more information about Aetna plans, go to [www.aetna.com](http://www.aetna.com).
